During June, the COVID-19 pandemic practices placed in effect through the Public Safety Administrative Order 2021-01 at the end of May continued in effect. That order provided for:

- a) COVID-19 health screenings are suspended immediately for all public safety personnel.
- b) All screening logs will be archived effective immediately.
- c) A screening log and form will be created for screening as a result, of known exposure.
- d) Personnel with known contact of a COVID-19 person will make notification based on their department guidance immediately.
- e) Non-vaccinated personnel will be screened for 10 days following an exposure.
- f) Vaccinated personnel will self-monitor and make notification based on their department guidance immediately if symptoms develop.

Captains continued to keep in contact with staff and assisted in coordination of this effort. As case counts continued to decline, I continued to follow the statewide statistics on the Department of Health dashboard. The Department of Health case stats will be continually monitored as we return to “surveillance” mode. I continued to monitor the PEMA, FEMA, and county EMA releases daily. Public Safety Planner Strawser and I continued to meet via TEAMS as he works on various annex plans to our EOP.

The highlights of June included:

June 3rd – I attended the State 911 Advisory Board online.

June 7th and 8th – Myself, Capt. Wirth, Chief Murdoch, Deputy Chief Sheely, HR Cord. Paul and I conducted interviews with the Fire Admin applicants.

June 14th – Capt. Deaven and I requested approval from the Board to initiate the IALS program and move Jackie Dougherty to the AEMT rate, which the Board graciously approved.

June 16th – I attended a Smart Board Webinar with command staff to view options in considering the EOC Smart Board budgeted in 2021.

Attended numerous meetings throughout the month including Board of Commissioners, department head, Chiefs of Police, EMS Council, staff meetings, and alarm standards meetings for the AVS-01 TMA ANSI standard development.

Respectfully Submitted,

David L Holl

Director, Department of Public Safety

DEPARTMENT HEAD:

June saw some return of events that we have not seen in a while: Graduations at West Shore Stadium. Officers were detailed to these events, which were carried out without any major incidents.

The body-worn camera project continues. As familiarization with equipment and software evolves, policy tweaks are in progress. Overall, the devices are well-received, but not without some technical glitches. Lt. Sentman and Tech. Ickler are doing an excellent job of getting issues resolved.

Throughout the month, Captain Crone attended Police Command Staff meetings, a Police Department Supervisors' meeting, Board of Commissioners Meetings, Department Head Meetings, a County Chiefs' meeting, a Public Safety Captains' meeting, and various personnel-related meetings.

Captain Crone attended the monthly PPAC meeting and a meeting of the PLEAC Standards Committee. That committee is working on an update to the Pennsylvania accreditation standards that will be published in 2022.

Background checks on police candidates are ongoing. We are having much difficulty with applicants not making it through the background checks, with a variety of disqualifications being discovered. It is the hope that enough clean backgrounds can be presented in July so that the three positions we need to fill can be filled.

NALOXONE

There was no Naloxone administration by police personnel in Lower Allen Township this month.

MONTHLY TOP 40 INCIDENT COUNT BY TYPE and SELECTED OFFICER LOG FIGURES

The most recent month figures are presented first, followed by last year's figures. In lieu of the multi-page listing, the two Top-40 charts were used. This, coupled with the monthly totals in other charts, creates a more succinct picture of police department activity. The Selected Officer Log Figures chart that follows the Incident Count charts are items that consume patrol resources but are not documented in incident reports.

RECORDS FUNCTION:

Records staff continues the normal daily routine of organizing, filing, and distributing paperwork as appropriate, as well as fielding calls for service over the phone and handling or directing walk-up customers (though rare, due to the building closure). Previous month's numbers included for comparison.

Respectfully submitted,

COMMANDER:

Here is a list of activities I attended or performed in addition to my normal responsibilities.

Continued Training with Corporal Scarlato to take over as CI Corporal.

Worked with WATCHGUARD on the previously ordered Mobile Video Recorders, (MVR), as well as the Body Worn Camera (BWC) issues. Worked with Technician Ickler to repair/replace equipment in patrol vehicles to include Watchguard Video equipment and minor radio issues.

Began process of inventory for all major equipment. Started with portable radio documentation.

Completed training process for all sworn officers as well as Community Service officers on functions of and use of prisoner transport van. Process completed with all offices being trained.

Arranged for CPR/First Aid Training for Officer Fitzkee.

Arranged and set up VASCAR training for Officers who are in need.

Continued the process with Dianna Knisley for ordering replacement vests for officers with vests that expire in 2021. Prepare list for potential orders in 2022. Process included assistance with Grant funding information and preparation.

Finished the process of rolling out and implementing Body Worn Cameras (BWC), to all officers. This included the process of assisting Tech. Ickler and WATCHGUARD staff in updating the current server and loading all new software on server. Officers assigned a BWC and all shown the way to deploy it. Assisted officers in getting it fitted properly on their vests and the proper use. Training was completed with only Detective McNair not receiving the necessary training. He indicated he was too busy when offered.

Worked with WATCHGUARD to trouble shoot any/all problems that took place with the roll out of the Body Worn Cameras. (BWC).

Assisted Officer Cramer with his transition into the role of the FLEX officer and addressed any issues that presented themselves.

Prepared for release training/exam in Power DMS for Use of Force to release in late summer early fall.

Started preparation and planning to move all Quartermaster Data to PLANIT for better use of records management.

Placed orders for replacement ballistic vests for officers who were due vests.

Assisted Lt. Foltz with internal investigation on department community service officer suspected of some suspicious behavior.

Set up new Records Clerk Susan Kolanda with account in CODY, Power DMS, TraCs, and Guardian Tracking

DEPT. TRAINING

The department had training for Body Worn Cameras (BWC), during the month of May. All officers, save Detective McNair, were shown the camera and trained on the proper use of said cameras.

I completed my training for CLEAN certification.

I attended a training by US Secret Service on School Safety.

Report prepared by:

Lt. Douglas L. Foltz

Bureau Commander of Operations

The EMS professionals of Lower Allen Township EMS are solely dedicated to the residents of Lower Allen Township this dedication and commitment provides the best Pre-hospital care for the residents of Lower Allen Township. Ensuring high quality excellent patient care is an essential component of the Lower Allen Township EMS mission. Lower Allen Township EMS provides the residents of Lower Allen Township with pre-hospital care exceeding the established Pennsylvania Department of Health standards.

Developing patient care standards which exceed Pennsylvania Department of Health standards was accomplished with staff input and Dr Modi's collaboration and approval. These standards of care were developed as department clinical orders. The standards of care focus on clinical care but are fiscally responsible to meet all the needs for the residents of Lower Allen Township. The updated clinical standards were effective June 11, 2021.

As part of the continual improvement process the LATEMS orientation program was evaluated and restructured. Several gaps were identified and corrected to ensure new personnel have a solid foundation. Additionally, the demonstration of patient care and equipment competencies were incorporated. The revised program is currently being tested and evaluated.

The implementation of the Hexagon Mobile responder application on May 19, 2021, has been successful. The system is new for Cumberland County Communications and EMS agencies. We have been working with Cumberland County Communications to overcome any challenges. The Hexagon Mobile responder app is an improvement and will continue to add value as all the systems become fully functional. Hexagon Mobile responder is new for Cumberland County Communications as well as the responders but the long-term benefits and enhancements to communications are mutually beneficial.

Lower Allen Township EMS hosted an Advanced Burn Life Support class on Saturday June 26, 2021, with eight personnel attending from LATEMS. Much of the cost of the ABLS Courses was covered by an American Trauma Society grant.

The Advanced Burn Life Support (ABLS) programs provide knowledge for immediate care of the burn patient up to the first 24-hours post injury. ABLS programs also support emergency preparedness and mass casualty incidents focusing on triage, burn survivability, prioritizing transport of patients, and patient treatment.

Executive Assistant Dianna Knisley and Captain Deaven received notification from the Office of the State Fire Commissioner that all the eligibility requirements have been met and LATEMS will be able to apply and receive grant funding in the fall of 2021. The grant will potentially provide \$5000 to \$10,000 of funding based on state identified priorities.

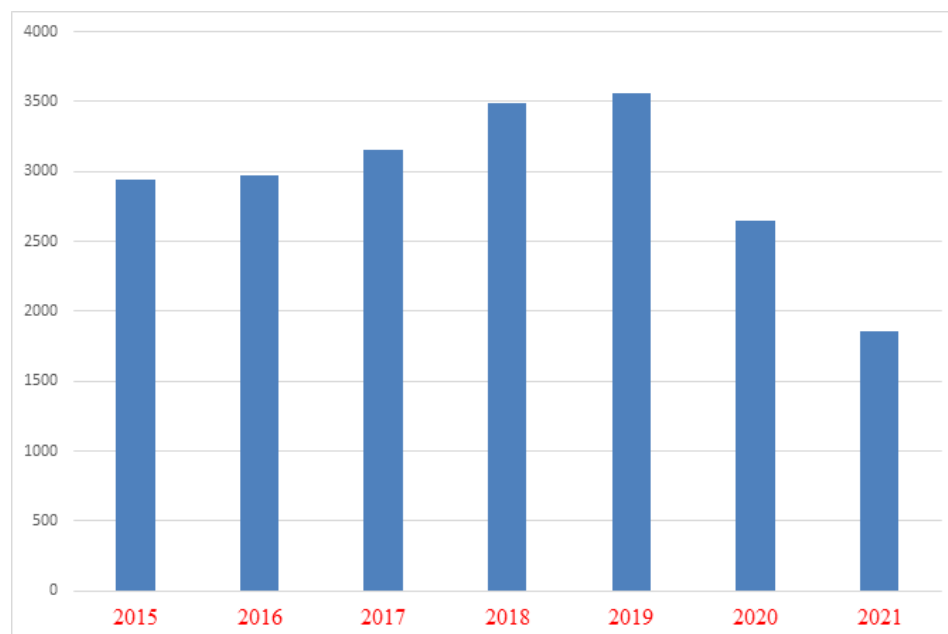

On Tuesday June 29, 2021, Captain Deaven participated in a round table discussion hosted by Harrisburg Area Community College (HACC) with representatives of HACC, Department of Health, Office of work force development and the Secretary of Labor and Industry. The round table

was focused on the workforce shortages in all Public Safety Disciplines. Emergency Medical Technician, Paramedics and Police Officers are on the High Priority occupation workforce list.

Captain Deaven participated in several Emergency Health Services Federation (EHSF), PA Bureau of EMS, Pennsylvania Emergency Health Services Council, Ambulance Association of Pennsylvania and Pennsylvania Fire and Emergency Services Institute meetings and education to ensure the continued development of the EMS system in Lower Allen Township.

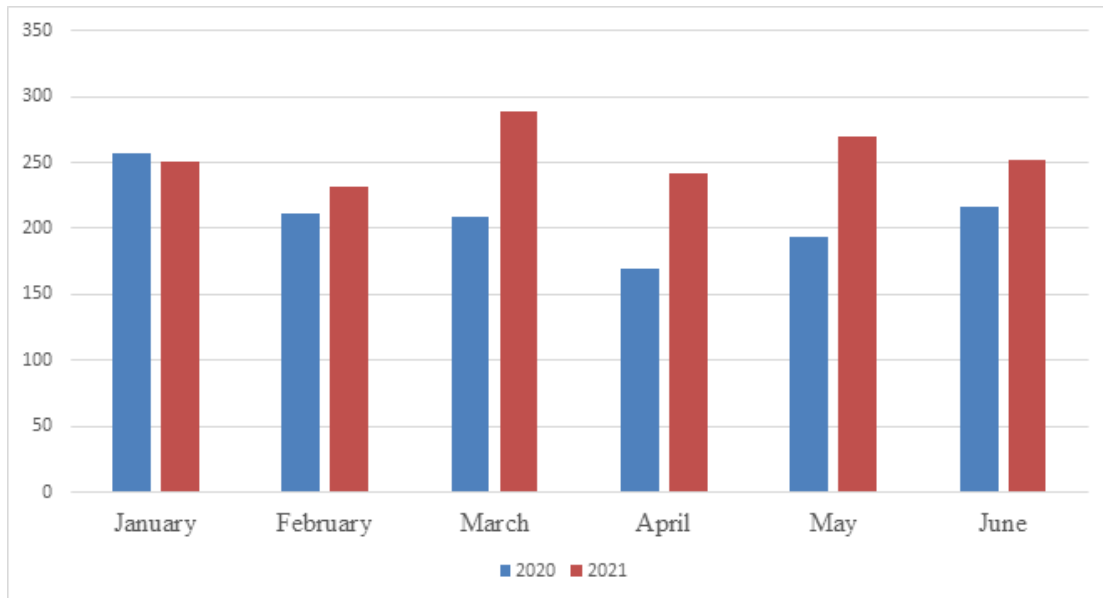

LATEMS continues to deliver high quality, effective, efficient, and safe patient care directly to the side of every patient in need of help. In June LATEMS touched the lives of 252 residents.

The stroke feedback information provided by UPMC outlines the critical role of LATEMS in the treatment of a stroke patient. The metrics are comprised of National standards, PA DOH standards, and the health system. The excellent care provided by LATEMS is indicated by the patients symptoms which were reported to the ED physician prior to arrival, the time the patient arrived in the ED to being evaluated by the ED physician (0 Minutes), Stroke alert called by the ED physician prior to the arrival of the patient as a direct result of the information provided by the LATEMS crew, the patient going immediately to the CT scanner (3minutes) the patient was moved from EMS stretcher to CT scanner and the patient being seen by the neurologist in 5 minutes.

On 6/17/2021 as part of the Public Safety Facilities Study being conducted as a continuation of the 2019 Public Safety Ad Hoc Committee Report, local fire departments were invited to participate in a meeting to discuss current information being gathered for the Facilities Study, possible options/recommendations of the draft report, and facility needs and changes of our mutual/automatic aid partners. The meeting was facilitated by Scott Ryno from Keystone Community Medical Services and was a very productive forum on future fire service needs and issues affecting local fire departments. The primary issue affecting all departments was staffing. Several departments are looking at starting Part-Time Driver/Operator programs or increasing their coverage time that currently have programs in place.

On 6/22/2021 in the early morning Cumberland County 911 experienced an outage of all their emergency and non-emergency telephone communications. This required the staffing of the watch office by Public Safety Officers to answer phones. The problem was resolved by late morning.

On 6/28/2021 to 7/1/2021 Maintenance Unlimited conducted fire hose testing at Fire Station #1. All hose was not tested due to hot weather and limited staffing. Maintenance Unlimited will be returning to complete hose testing in July.
