Summer is upon us and so are all the projects that accompany this season. Parks personnel spent most of the month, mowing all parks and maintaining the playing fields. The street sweeper will be doing a round of the Township, in July. Due to the rising costs of disposing of street sweepings, the Township streets have been swept every other month. We do send out the machine for problem areas if needed. Roadside spraying, for vegetation control, is used in areas that are unable to be mowed safely. Our vegetation control technician is certified, and very conscious of the correct ways of safe spraying.

Households within the Township may drop off 4 loads each, of brush and bulk items, to the Public Works building, per year. Additional loads will be $25.00 each, to be pre-paid at the Municipal Services Center. Electronics will not be accepted at this location.

Cumberland County’s Electronic-Recycling Center is open for business. A fee of .50 cents per pound, will be implemented, for recycling electronic items. For a listing of days/hours of operation, and a listing of acceptable items, please check out their website at www.ccpa.net. Or contact the facility at 717-240-6489.

Wood chips are available and will continue to be delivered on Thursday and Friday mornings, through early November. Pre-payment must be made at the Municipal Services Center, before deliveries can be scheduled. Product can be self-loaded during regular business hours, Monday – Friday, 7:00am – 3:00pm, or the second Saturday of each month, through November, 8:00am – 1:00pm.

Road crews continue to work on installing ADA accessibility, to sidewalks within the The Cliffs. The next step is milling of selected, roadway edges, in Cedar Cliff Manor and The Fair Oaks development. Pennsy Supply is the contractor for this project. Paving will commence the week of July 6th, and continue through July 15th. Delays may be experienced, due to inclement weather.
During June the following projects were completed:

- Roadside Tiger mowing
- Sign repairs/replacements (4 PA-One Calls)
- Street sweeping of Shiremanstown Borough
- Turned composting leaves, with County machine
- Roadside vegetation control
- Repaired drainage swell at Slate Hill and Appleton
- Drain repairs and pot hole patching
- Installed sediment bags at the Bon Ton property
- Wood chip deliveries
- Cleaned drain tops before/after rain storms
- Cleared brush on Cedar Cliff Drive by the Cliffs

Meetings: Safety Meeting – (Ben Peters)
Department Head Meeting (2) – Bryan Harshbarger

Training: PA-1 Excavator webinar &
