

## Public Works Operations Report: March 2022

The following chart displays areas of focus and percentages for all work performed during the month:

The following list provides items of mention for the month including tasks completed and underway:

- Stormwater drains in various locations throughout the Township were cleaned and added to the Township's Geographic Information System (GIS) asset mapping inventory.
- Street signs and streetlights were inspected and uploaded into Township GIS mapping.
- Street Sweeping occurred and was tracked through GIS.
- Mulching and edging work was performed at MSC.
- General cleanup and maintenance occurred in parks
- Converted tennis courts into pickleball courts at LACP.
- Garden Plots were rototilled at Yellow Breaches Park.
- Discovered stormwater pipe collapse and sinkhole along Gettysburg Road at Allen Middle School; replaced pipe, added end wall, and new sidewalk was poured. Applied for general permit from PADEP.

Respectfully submitted,

Rebecca Davis  
Public Works Director
