Fire Captain (Fire/PSOs)	Pages	28-36

During March, the COVID-19 pandemic continued to be an integral part of the Department of Public Safety operations as planning continued for 1-A vaccinations. A Google docs spreadsheet was created, and public safety staff was polled to obtain an interest in receiving the vaccine. The Captains kept in contact with staff and as information became available on vaccines and sites, coordination with staff was conducted. A fairly large percentage of public safety staff either received Pfizer or Moderna vaccinations or were scheduled to do so. Some staff members have even received their second dose. Several staff members are waiting for wider availability of the Johnson & Johnson single-dose vaccine.

I also continued to follow the statewide statistics on the Department of Health dashboard. During the month, infection rates began to fluctuate with a downward trend and then began to rise in several Central PA counties. Cumberland was one of those that saw an increase. Public safety personnel continued the strict universal precautions protocols we initiated in the early months of 2020. Work from home policies was liberally permitted for staff whose job responsibilities, and technology would allow that practice. As continued practice from 2020, we maintained the highest levels of safeguard to the public and our public safety personnel who may be exposed to citizens infected with the virus.

Much of my time, as Director and Emergency Management Coordinator, continued to focus on monitoring the public safety preparedness and response to the potential virus impact to the employees and the Lower Allen Community. I also monitored the PEMA, FEMA, and county EMA releases daily.

The highlights of March included:

March 2nd – Participated in the Harrisburg Area Community College Act120 Academy pre-service entrance interviews.

March 4th – Attended a Civil Service Commission meeting in the morning and the 911 Advisory Board meeting in the afternoon. I represent PA Chief of Police on the Board for the third two-year term.

March 10th – Attended a virtual training webinar on ‘Leading an Ethical Protector Culture’ with Jack Hoban as the presenter. The webinar was sponsored by the FBI National Academy Associates.

March 11th – Attended a webinar by the Municipal Police Officers Education and Training Commission (MPOETC) concerning Act 57, the mandatory requirement for reporting officer discharge to a statewide database. The Act goes into effect in July.

March 15th – Participated in interviews to fill the full-time Public Safety Officer (PS) vacancy that currently exists. Background investigations are pending with an anticipated recommendation for hire to be presented to the Commissioners at their April 26th meeting.

March 16th – Met with Jeff Glass at United Methodist Home for Children concerning a DHS recommendation that UMHC constructs a vehicle gate at their entrance to restrict traffic flow onto their property. The concern is about hindering public safety access.

Attended numerous meetings throughout the month including Board of Commissioners, department head, Chiefs of Police, EMS Council, and staff meetings, and alarm standards meetings for the AVS-01 TMA ANSI standard development.

Respectfully Submitted,

David L Holl

Director, Department of Public Safety

DEPARTMENT HEAD:

March continues the trend for high tempo, on both the administrative and street levels.

Officer Lightner continues to do well in field training, as do the recently promoted personnel. At the time of this writing, Lt. Thomas has been enjoying his retirement for several weeks. That transition was eased by the overlap period that was used to bring Lt. Sentman up-to-speed on his new assignment, allowing Lt. Thomas to pass on his knowledge before departing. All the same, his daily presence will be missed.

Throughout the month, Captain Crone attended Police Command Staff meetings, a Police Department Supervisors' meeting, Board of Commissioners Meetings, Department Head Meetings, a County Chiefs' meeting, and various personnel-related meetings.

Command staff attended a webinar on Pa Act 57, regarding background checks for police candidates. Agency personnel completed defensive tactics training and a cycle of range training for qualification was started this month.

Captain Crone and Julie Echterling continue to prepare for the CALEA Annual Compliance Check, to begin April 30th. Also on the Accreditation front, Julie Echterling attended the PLEAC conference Accreditation Manager training (taught by Captain Crone). Captain Crone attended Standards Committee meetings and a full commission meeting this month, as well.

Commissioner Villone brokered a meeting between Captain Crone and Spring Gate, Arcona, management to tour the facility and clarify noise expectations ahead of their opening.

Consortium testing was completed this month as well. While several applicants were lost due to failure to pass the physical portion, failure to pass the written exam, or simply no showing the event, we were able to invite 30 candidates to move on to oral interviews by virtue of their performance at the consortium. Interviews will be in April.

We still have one officer on light-duty.

The Patrol Officer of the Month was Officer Kimberly Moore. During the month of March, Ofc Moore led her platoon in the number of incidents handled as well as the number of citations issued. However, what set her apart this month was her courage and compassion on a fatal crash on 3-14-21.

This crash involved a tree falling onto a vehicle as it was traveling on Lisburn Rd. When Ofc. Moore arrived on-scene, she found a large tree on top of the vehicle. The tree was blocking the entire roadway and there were arcing power lines down as well. Ofc. Moore ducked under the tree and approached the vehicle to assess the status of the occupants. She noticed that the driver's side was completely smashed in by the tree. A bystander advised her that the passenger was conscious, so Ofc. Moore moved through the downed tree to a position where she could see and speak to the

passenger. The passenger was entrapped within the vehicle, so Ofc. Moore held her hand and talked with her until the Fire Dept. and EMS arrived. Ofc. Moore's selflessness provided comfort to the female passenger and allowed her to ascertain the status of male driver who was deceased. Ofc. Moore stayed with the passenger until advised to move by the Fire Dept. so that they could begin extrication. Ofc. Moore put her own safety at risk to provide comfort for the entrapped passenger who had just lost her husband.

In addition to her March POTM nod, it is with great pleasure that we announce that Officer Moore was also selected as **Patrol Officer of the Year** for 2020. It is because of her consistently solid work, in both volume and quality, as well as the character demonstrated throughout the year, and exemplified by her March POTM selection, that she was selected. While it was a close process, and many officers performed admirably in 2020, Officer Moore set herself apart through her performance. Congratulations, Officer Moore!

NALOXONE

There were no Naloxone administrations by police personnel in Lower Allen Township this month.

MONTHLY TOP 40 INCIDENT COUNT BY TYPE and SELECTED OFFICER LOG FIGURES

The most recent month figures are presented first, followed by last year's figures. In lieu of the multi-page listing, the two Top-40 charts were used. This, coupled with the monthly totals in other charts, creates a more succinct picture of police department activity. The Selected Officer Log Figures chart that follows the Incident Count charts are items that consume patrol resources but are not documented in incident reports.

RECORDS FUNCTION:

Records staff continues the normal daily routine of organizing, filing, and distributing paperwork as appropriate, as well as fielding calls for service over the phone and handling or directing walk-up customers (though rare, due to the building closure). Previous month's numbers included for comparison. From these stats alone, one gets a glimpse into the uptick of activity between this month and last.

Report prepared by:

Lt. Douglas L. Foltz
 Bureau Commander of Operations

In March of 2021 EMS continued the on on-going COVID-19 pandemic response. EMS is still treating suspected and possible COVID-19 pandemic patients. The frequency has decreased overall with patients being seen sporadically versus on a continual basis. The high population facilities of Bethany Village, The Woods, Encompass, and SCIC all had a decrease of patients with or suspected of having COVID-19. EMS is continually vigilant and uncompromising on all patient safety issues ensuring the highest quality of EMS care is provided to the residents of Lower Allen Township.

In March three (3) continuing education programs were initiated. Two programs focused on provider and patient safety. One (1) program focused on proper documentation to ensure patients are receiving the highest quality of care. All educational programs were delivered in a blended format to ensure provider safety and comply with COVID-19 restrictions.

The Pennsylvania Department of Health (PADOH) EMS Continuing Education Sponsor site was renewed until March 31, 2024. This allows Lower Allen Township EMS to conduct PADOH approved continuing education courses using classroom, blended and virtual formats.

A National Registry of Emergency Medical Technician (NREMT) training site was established in March. The NREMT provides a nationally recognized certification to Emergency Medical Responders, Emergency Medical Technician, Advanced Emergency Medical Technicians and Paramedics. Pennsylvania transitioned to the National Registry testing process for all EMS certifications on January 1, 2013. The NREMT testing is the exclusive process used for all new EMS professionals in Pennsylvania. The PADOH does not require EMS professionals to maintain their NREMT certification. Many EMS personnel choose to maintain their NREMT certification. Establishing an NREMT site allows Lower Allen Township EMS staff to maintain their NREMT certification status. Lower Allen Township EMS is authorized as an NREMT training site to sponsor nationally recognized continuing education.

Harrisburg Area Community College launched a job recruiting site to facilitate connecting EMS students and EMS agencies seeking employees. Lower Allen Township EMS has registered and is a participant to help with the recruiting of Emergency Medical Technicians, Advanced Emergency Medical Technicians and Paramedics.

The rollout of the Hexagon Mobile responder application continued with the acquisition and set-up of all required devices and software. The project is on target to be rolled out in April of 2021. The use of the Hexagon Mobile Responder application will enhance communication with Cumberland County communications.

The community paramedicine partnership with UPMC is going well and the objective of keeping patients out of the hospital is being achieved. Lower Allen Township EMS has prevented all patients enrolled and treated by Lower Allen Township EMS from being re-admitted.

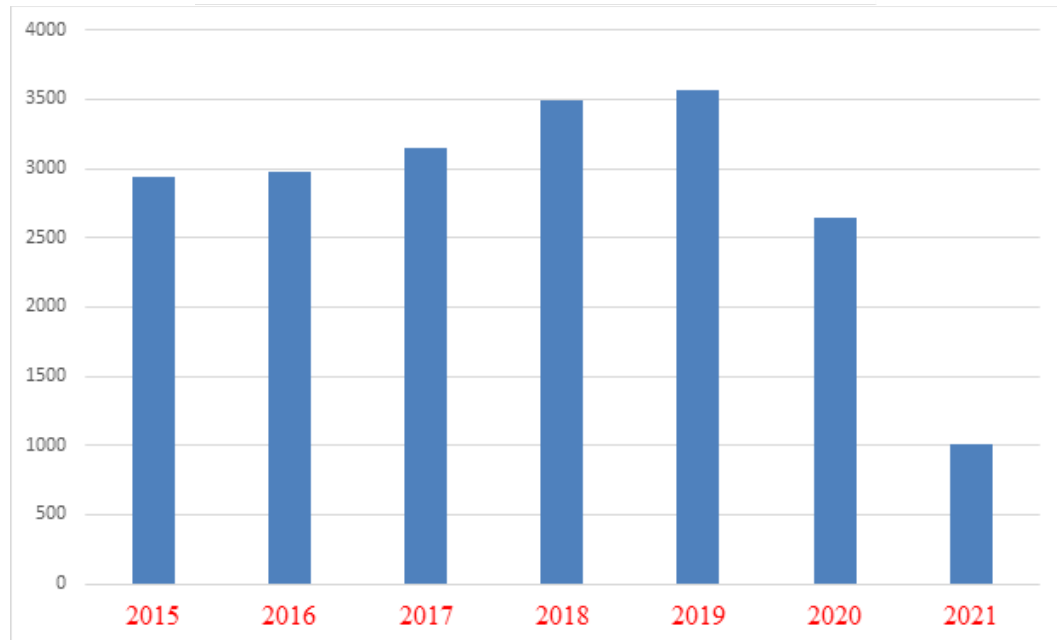

Lower Allen Township EMS completed the registration and education in the Cardiac Arrest Registry to Enhance Survival (CARES). Lower Allen Township EMS is participating to continue to improve the care of all residents. <https://mycares.net/sitepages/aboutcares.jsp>

Each year, approximately 350,000 persons in the United States experience an out-of-hospital cardiac arrest (OHCA) or sudden death; approximately 90% of persons who experience an OHCA die. Despite decades of research, median reported rates of survival to hospital discharge are poor (10.4%) and have remained virtually unchanged for the past 30 years. Without a uniform and reliable method of data collection, communities cannot measure the effectiveness of their response systems, nor can they assess the impact of interventions designed to improve OHCA survival. Participation in an OHCA registry enables communities to compare patient populations, interventions, and outcomes with the goal of identifying opportunities to improve quality of care and ascertain whether resuscitation is provided according to evidence based guidelines. CARES was developed to help communities determine standard outcome measures for out-of-hospital cardiac arrest (OHCA) locally allowing for quality improvement efforts and benchmarking capability to improve care and increase survival.

Captain Deaven participated in several Emergency Health Services Federation (EHSF), PA Bureau of EMS, Pennsylvania Emergency Health Services Council, Ambulance Association of Pennsylvania and Pennsylvania Fire and Emergency Services Institute meetings and education to ensure the continued development of the EMS system in Lower Allen Township.

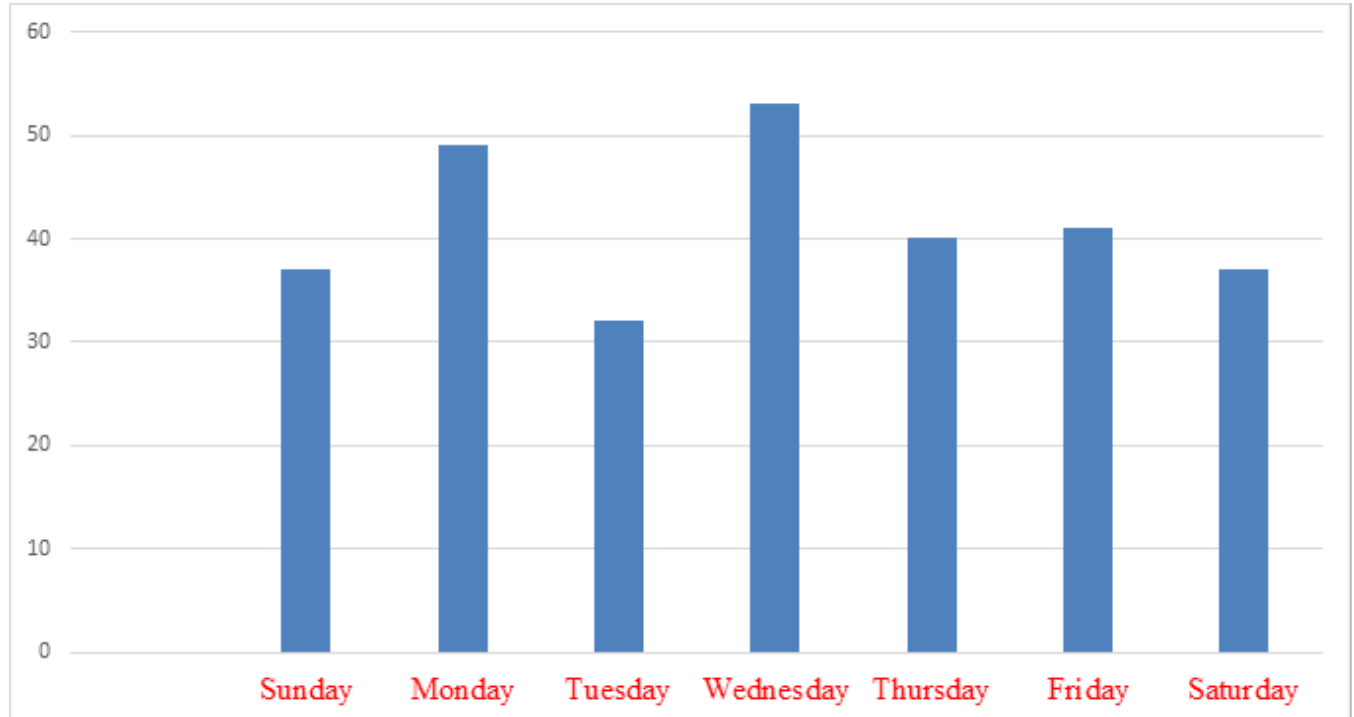

LATEMS continues to deliver high quality, effective, efficient, and safe patient care directly to the side of every patient in need of help. In March LATEMS touched the lives of **287** residents.

(The Officers of the Lower Allen Fire Company have opened their training program to neighboring fire departments. Shiremanstown Fire Company has taken advantage of this opportunity and has been consistently attending training sessions.)

Events/Activities:

The Lower Allen Township Department of Public Safety Continues the suspension of all car seat inspections/installs, smoke alarm installs, fire extinguisher training, and fire prevention presentations until further notice due to the increase in COVID-19 numbers. For now, Public Safety Officers will conduct Zoom appointments or taking contact information and once the COVID-19 restrictions are lifted, we will work to schedule those activities requested.

The Lower Allen Township Department of Public Safety resumed the suspension of all Fire Inspections and Property Maintenance Inspections until the end of March due to the increase in COVID-19 numbers. Public Safety Officers will focus on the training of the Volunteers/live-Ins and Pre-Planning activities.

The Lower Allen Township Department of Public Safety is continuing 24/7 PSO Coverage to ensure consistent Fire Apparatus Driver/Operator coverage during the COVID-19 pandemic.

On 2/1/2020 Lower Allen Fire Company and Lisburn Community Fire Company prepared for the upcoming snowstorm and manned fire stations in the event of an incident during the storm.

On 2/4/2021 and 2/19/2021 a meeting was conducted on the Alpine RedNMX Software Implementation Project for Lower Allen Fire Company, Lisburn Fire Company, Lower Allen Public Safety, and Lower Allen Fire Codes with the following invited to attend: Public Safety Director Dave Holl, LAFC Fire Chief Dave Murdoch, LCFC Fire Chief Frank Williamson, LAFC Assistant Chief Chris Trace, Fire Captain Frank Wirth, Fire Inspector Bill Yeagley, and PSO Bryce Landis. Currently projects are addressing issues with the Responder App and NFIRS downloading of data from the County Dispatch Center due to the change in the Computer Aided Dispatch program.

On 2/16/2021 Lower Allen Fire Company provided coverage with Engine 1-12 for the Pleasant Hall Fire Company in Franklin County from 0700 to 1530 hours for the funeral of a fire company member.

On 2/26/2021 Fire Captain Frank Wirth submitted for the FEMA 2020 Fire Prevention and Safety Grant for a Fire Prevention Safety House and Fire Extinguisher Trainer.

Daylight Training Sessions:

- 2/4/2021 – PSO Bryce Landis conducted training on Truck Company Operations by performing set-up on a slope and conducted evolutions on how to place the Truck in service in a timely manner.
- 2/11/2021 – Public Safety Fire Captain Frank Wirth conducted a training class on High-Rise packs, use of Hose-Bundles, and deploying handlines in stairwells.
- 2/18/2021 – PSO Bryce Landis conducted Driver/Operator Training for two Live-In Firefighters on the Utility with the Snowplow.

Other Training/Events:

- PSO Eric Bowmaster is conducting Driver/Operator Training on Engine 1-12.

Incidents:

- On 2/5/2021 in the evening Lower Allen Fire Company stood by at Fairview Township Fire Station # 1 and Lisburn Community Fire Company responded to a Structure Fire on 15 Springers Lane in Fairview Township, York County. Tanker 24 and Engine 24 responded to assist with overhaul of structure which sustained major damage.
- On 2/17/2021 in the early morning Lower Allen Fire Company was dispatched for a building fire at 1150 Camp Hill Bypass (Radisson Hotel) in East Pennsboro Township. Squad 12 crew was split to assist with roof operations, check for extension, and overhaul of the fire. Moderate damage was done to the room.

- On 2/19/2021 in the evening Lower Allen Fire Company responded to 824 Lisburn Road (The Woods at Cedar Run) in the Township for an Automatic Fire Alarm. The call was upgraded to a First Alarm when it was determined that there was smoke in the kitchen area of the building. The origin of the smoke was determined to be from the stove while it was being cleaned. No damage to the building or equipment.

On 2/24/2021 in the afternoon Lower Allen Fire Company and Lisburn Community Fire Company and its automatic aid partners were dispatched for a Structure Fire at 1250 St. Johns Road in the Township. Upon arrival crews found fire contained to machinery in a production facility on the property. Fire crews attacked the fire with a handline and controlled the fire to prevent it from extending to the structure. The fire was contained to the machine, which sustained some fire damage.

Public Safety Officers will focus on the training of the Volunteers/live-Ins and Pre-Planning activities.

The Lower Allen Township Department of Public Safety is continuing 24/7 PSO Coverage to ensure consistent Fire Apparatus Driver/Operator coverage during the COVID-19 pandemic.

On 3/1/2021 Public Safety Fire Captain Frank Wirth met with Scott Ryno from Keystone Community Medical Services to begin the process of providing the necessary information and data to conduct the Public Safety Facilities Study per the 2019 Public Safety Ad Hoc Committee Report.

On 3/2/2021 Public Safety Fire Captain Frank Wirth, Codes Coordinator/Fire Inspector Bill Yeagley, and Jesse Suders from Dawood Engineering met to discuss the use of GIS Services for pre-fire planning buildings in the township. It was determined that the GIS information collection would be very helpful and a connection with Alpine's mapping system should be explored.

On 3/3/2021 Lower Allen Fire Company assisted with a funeral detail at Shiremanstown Fire Company with Truck 12 displaying the American Flag over Main Street.

On 3/5/2021 and 3/19/2021 a meeting was conducted on the Alpine RedNMX Software Implementation Project for Lower Allen Fire Company, Lisburn Fire Company, Lower Allen Public Safety, and Lower Allen Fire Codes with the following invited to attend: Public Safety Director Dave Holl, LAFC Fire Chief Dave Murdoch, LCFC Fire Chief Frank Williamson, LAFC Assistant Chief Chris Trace, Fire Captain Frank Wirth, Fire Inspector Bill Yeagley, and PSO Bryce Landis. Currently projects are

addressing issues with the Responder App and NFIRS downloading of data from the County Dispatch Center due to the change in the Computer Aided Dispatch program.

On 3/9/2021 Prime Safety, Inc. serviced all Air Monitoring Equipment.

On 3/15/2021 Lower Allen Fire Chief Dave Murdoch and Public Safety Fire Captain Frank Wirth met with Harrisburg Fire Chief Brain Enterline and his command staff to discuss Squad 12 responding to the City of Harrisburg in place of Truck 12. The change in apparatus response is to take place soon.

On 3/15/2021 and 3/19/2021 Public Safety Director Dave Holl, Lower Allen Fire Chief Dave Murdoch, HR Specialist Donna Paul, and Public Safety Fire Captain Frank Wirth conducted interviews for the Full-Time Public Safety Officer Position left open from early 2020.

On 3/17/2021 Public Safety Fire Captain Frank Wirth met with Scott Ryno from Keystone Community Medical Services and had a Zoom meeting with Jesse Suders to discuss the use of GIS technology in the upcoming Public Safety Facilities Study. It was determined that GIS imagery would be very helpful in providing an accurate platform to display data on incidents in the Township to analyze future facility needs.

On 3/25/2021 and 3/31/2021 Public Safety Fire Captain Frank Wirth, Codes Coordinator/Fire Inspector Bill Yeagley, Jesse Suders from Dawood Engineering, and representatives of Alpine Software conducted a Zoom meeting to discuss the use of GIS Services for pre-fire planning buildings in the Township and applying that information into the Alpine Information Management System for Mapping purposes during incident responses.

On 3/30/2021 a Training Committee Meeting was held to discuss the upcoming training schedule for the remainder of 2021, which will primarily focus on Pump Operations, Forcible Entry, Emergency Vehicle Operations, Sprinkler Systems, and Basic Vehicle Rescue.
