

## Public Works Operations Report: August 2022

The following chart displays areas of focus and percentages for all work performed during the month:

The following list provides items of mention for the month including tasks completed and underway:

- Sidewalk repaired at Allendale Park, along with seeding and topsoil.
- Replaced storm drains, sewer lids, inlet boxes, and new curb cuts on Allendale Way.
- Replaced storm drains and sewer lids on Beaver Road.
- Storm drain debris cleared throughout Township.
- Street sweeping route completed.
- Began final round of roadway mowing.
- Intersection study initiated.
- Brush grinding halfway completed (due to grinder breakdown).
- Consolidated leaves and began screening at leaf pad.
- Continued sign repair and replacement work within Township.
- Continued general park maintenance and repairs at Sheepford, Allendale, Highland and LACP along with mowing as needed.

Respectfully submitted,

Rebecca Davis  
Public Works Director
