

APRIL 2020
MONTHLY REPORT

LOWER ALLEN TOWNSHIP

Department of Public Safety

| | | |
|---|--------------|--------------|
| Director | Pages | 1-3 |
| Police Captain | Pages | 4-16 |
| Support Services Lieutenant | Pages | 17-20 |
| Police Operational Services Sergeant | Pages | 21-25 |
| EMS | Pages | 26-30 |
| Fire Captain (Fire/PSOs) | Pages | 31-34 |

During the month of April COVID-19 pandemic problem continued to impact Department of Public Safety operations and strain our preparedness. Many problems we had not encountered before in normal operations strategies and deployments created the need to develop new plans and protocols.

The fact that we have not seen a pandemic in our lifetime, presented challenges we did not have a checklist for or preformulated policy documents. We were not alone! The healthcare industry, law enforcement, and fire/rescue were all in the same predicament.

Recall, January 30, 2020 the World health Organization only declared the Wuhan virus outbreak, “a public health emergency of international concern”! It was not until March 11th that the WHO declared announced they has characterized COVID-19 as a “pandemic”. March began with public safety “surveillance” and monitoring of the evolving threat through traditional medic, social media, and health sources. During April, the mandatory stay at home order of the Governor was in place and continued throughout the month.

Although overall call volume decreased, a great deal of activities for planning and preparedness continued. Much of the meeting schedule for public safety transitioned to online Zoom or Web-ex meetings. A great deal of time this month was also spent working with Justin Strawser, the public safety planner, on developing the Biological Hazard Plan as an annex to the Township EOP Draft. That plan should be ready to be “staffed” for review by the end of May or beginning of June.

Most of my time, as Director and Emergency Management Coordinator, focused on monitoring the public safety preparedness and response to the potential virus impact on the employees and the Lower Allen Community. I remotely joined the daily briefings by the Governor and the Secretary of Health. I monitored the PEMA, FEMA, and county EMA releases, and prepared the daily LA EMS 209 which, most days, was sent to EMA EOC Staff and the Commissioners. Closure of the Township Building and non-essential services continued.

“All Township facilities are being closed, with the exception of essential services. Essential services will be defined as public safety personnel and any other activity necessary for the preservation of safety for our residents and employees. The Governor’s order extended until April 30th.

As the seriousness continued to progress during April, it became evident that the stay at home order would continue into May.

Respectfully Submitted,

David L Holl

Director, Department of Public Safety

Fully immersed in the COVID-19 pandemic, the police department continued to evolve in how duties were to be performed in compliance with orders from the Governor and the PA Department of Health. PPE wear guidelines had been set, internally, and have been adhered to. The acquisition of additional PPE, including masks and hand sanitizers has been and ongoing priority. Monitoring of staff for symptoms has been rigorous and consistent. We are pleased to report that, as of this writing, there have been no staffing impacts as a result of COVID-19-related issues. School crossing guards have been furloughed due to the closure of schools for the rest of the year. All other staff remained employed in their essential roles.

Face-to-face meetings have been minimized, however, Captain Crone still “virtually” attended Board of Commissioners Meetings, Department Head Meetings, Police Department Command Staff Meetings, a Police Supervisors’ Meeting, a County Chiefs’ Meeting, SharePoint training meetings, Captains’ Meetings, a meeting with Capital City Mall management regarding a re-opening plan, a meeting with CODY to discuss UCR pilot testing, and meetings with communications center officials and IT regarding future changeover of mobile dispatch resources. The various virtual meeting platforms have been very helpful in continuing operations relatively uninterrupted.

Additionally, on the technology front, PD command staff have been reviewing the pilot of the Crimewatch Labs dashboard, which will expand our analytic capability, regaining some mapping features lost when a previous vendor ceased support of a product we had been using. Some of those graphics will be presented later in this report.

Spearheaded by Dianna Knisley, the police department was able to put in for a body-worm camera grant. We are now waiting to see if we end up recipients of that award.

Officer Gelnett is the March Patrol Officer of the Month. As Covid gripped the nation in Mid-March, Lower Allen Township Police Department’s business as usual would have to change. Officer Gelnett, with the responsibility of training PPO Zachary Walters, would have to adjust as well. Officer Gelnett was up to this challenging task.

In this phase of training, Officer Gelnett needed to guide and observe PPO Walters’ interactions with the public as he stepped into a more independent role. However, due to Covid restrictions, Ofc Gelnett was challenged by limitations placed on citizen contacts. He worked hard doing traffic stop simulations with other officers as well as DUI stops. Ofc. Gelnett, with other squad members, also coordinated simulated robbery calls for PPO Walters to test his response, which proved excellent exercises for the entire squad. Ofc Gelnett worked with PPO Walters on several abandoned vehicles, which allowed PPO Walters to have citizen contacts.

Ofc Gelnett also worked well with citizens to gain cooperation on several calls to get them to comply with Covid conditions. Due to Ofc Gelnett’s experience as a Field Training Officer and his outside the box thinking, Ofc Gelnett was able to bring PPO Walters up to speed for his next phase. They also handled 6 UCR complaints and made 2 arrests. They handled 46 calls for service, much of it self-initiated.

NALOXONE

There was one Naloxone administration by police personnel in Lower Allen Township this month.

UCR Crime Statistics

There continues to be issues with UCR. Due to changes in submission requirements, several records management system vendors were placed in an impossible development scenario and were unable to make the necessary changes that would generate the information in a format that would be accepted by the UCR system. Our vendor is one of them. There will likely be a glut of data published in the monthly report that follows the correction of this condition. With the COVID-19 situation, resolution was not expected soon. However, we have recently been engaged by CODY to participate in a beta-testing of their adjustments and are hopeful that next month will bear statistical fruit. We will continue to post various statistics in a variety of formats until the “normal” charting is available again.

The following chart shows March, April, and May (through 5/12) numbers from this year and last year to demonstrate the COVID-19 impact on call volume. April was a “down” month, as lockdown was fully implemented and most were in compliance, leaving few “on the streets” committing crimes. This trend is reversing, so far, in May.

| CALLS | 19 | 20 | % diff | |
|-------|-----|-----|--------|------|
| March | 717 | 499 | -30.4 | |
| April | 652 | 428 | -34% | |
| May | 215 | 164 | -23.7 | *1/3 |
| UCR | | | | |
| March | 110 | 90 | -18 | |
| April | 102 | 66 | -35 | |
| May | 41 | 34 | -17 | |

ARRESTS: These are the charges for which arrests have been made in the month of April. Numerous charges are being filed due to closure of courts and restrictions on prison intake that may not appear in this month’s statistics:

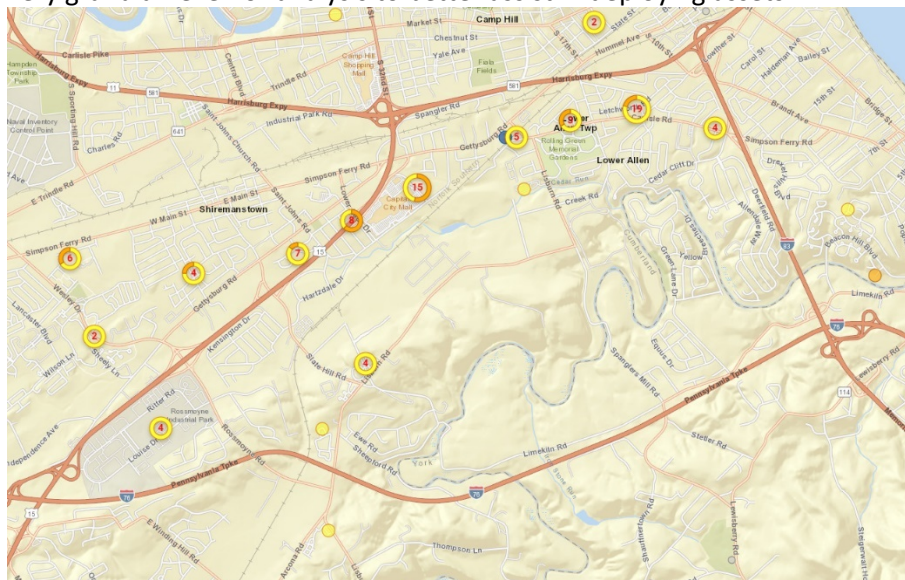

| CODY County Arrests Report | | |
|-------------------------------------|-------|---|
| ARRESTS BY CHARGE | | |
| BAD CHECKS | ----- | 5 |

TOP 40 CALLS BY TYPE, April 2020

Crimewatch Labs Beta Test Preview:

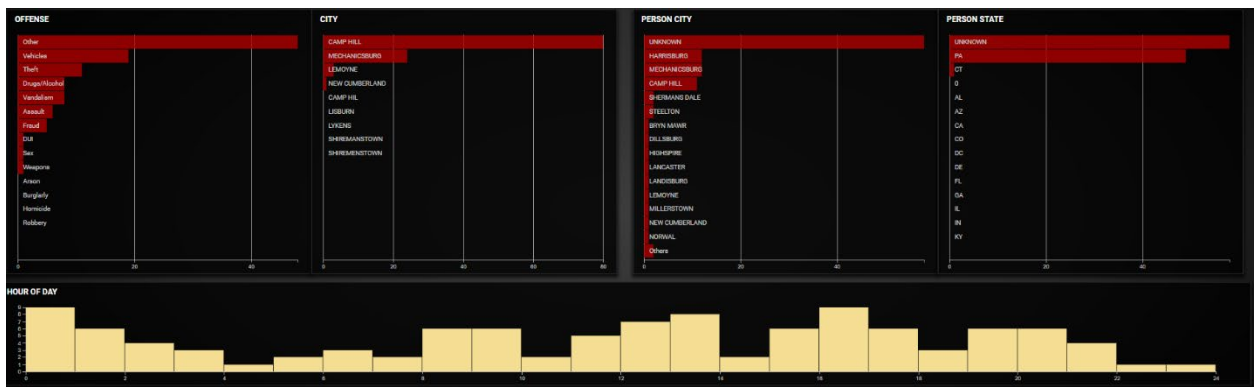

This map shows the concentration of crime in the township over the last month (the Village of Lisburn is off the bottom of the map, but had two criminal incidents). Through the Labs functionality, staff can drill down to a very granular level for analysis to better assist in deploying assets:

The next two images are some of the analytical data that is generated based on crime reports and other selected activities. These images are clearer on screen where they can be enlarged, but included are examples of demographic data, crime data, hours of the day for incidents, etc., all very useful in analyzing patterns.

MONTHLY INCIDENT COUNT BY TYPE and SELECTED OFFICER LOG FIGURES

The most recent month figures are presented first, followed by last year's figures. The Selected Officer Log Figures chart that follows the Incident Count pages are items that consume patrol resources but are not documented in incident reports.

It is noteworthy that there has been a significant drop in activity, primarily due to COVID-19 protocols and the results of lockdown orders.

04/23/20 Lab and Office fogged for COVID-19

CSO PROGRAM

The CSOs also covered 78 hours of street shifts each week. There were no CLA details or Park details during April.

Respectfully submitted,

Lt. Gregory Thomas
Bureau Commander of Support Services

The Lower Allen Twp. Police Dept. (LATPD) had 838 dispatched calls for service from Cumberland County Communications in April 2020. Of those calls, 67 were UCR related.

During the month of April 2020, LATPD made arrests or filed criminal charges on 23 individuals, issued 25 non-traffic citations, 15 traffic citations, 8 warnings, and 1 parking ticket.

There were 22 crashes reported to LATPD in April 2020. Of those 22 crashes, 7 were reportable crashes and 15 were non-reportable crashes.

**PPO Walters began Phase IV of FTO.

Report prepared by:

Sgt. Douglas L. Foltz

Bureau Commander of Operations

Lower Allen Township PD

In April the focus of EMS was completely on the on-going preparations and response to the COVID-19 pandemic. All EMS resources were focused on ensuring the health and safety of the EMS staff, all of public safety, administration and the township residents. The COVID-19 pandemic response has affected every aspect of EMS.

EMS clinical treatment protocols were adjusted by the Bureau of EMS on a weekly basis with treatment and medications being added and removed to ensure the best clinical treatment and safety the EMS staff. In addition to clinical changes infection control policies, procedures and practices were adjusted on a weekly and sometimes daily basis to ensure best practices provided by the CDC and PA DOH.

EMS has taken the approach of using the pandemic as a means to change practices which have been based in tradition or were simply outdated to improve the safety and health of the EMS staff and citizens we serve. Examples of changes made due to habits based on tradition or outdated information are EMS staff are not permitted to wear uniforms to and from work and must change at work. Uniforms are not be taken home. Uniforms must be cleaned by the dry cleaners or washed at the station. Allowing the wearing of uniforms to and from work is a major source of cross contamination and may inadvertently place the provider at risk due to members of the public having a negative view of health care providers. A second change was not permitting any boots worn on calls to be worn in the station. All boots used on calls must remain in the bay. Boots were listed as a major source of contamination by the CDC and DOH. A third change is the regular use of a spray gun built by PSO Kettering to decontaminate ambulances and the station on a scheduled basis and after every suspected COVID-19 patient.

The EMS efforts in preparing and responding to the COVID-19 pandemic have not negatively impacted the care received by the citizens of Lower Allen Township. As soon as credible education became available it has been attended. The EMS staff is education on the SARS-COV-2 virus not the created fear and anxiety.

EMS was able to resolve a major unmet need in the Public Safety Department by providing N-95 fit testing. EMT Amy Nye completed fit testing for all of Public Safety. Additionally, Bethany village had an unmet need with no personnel having proper fit testing. EMT Amy Nye fit tested the required members of the Bethany village administration.

Captain Deaven continues to support and talk weekly to Bethany Village, The Woods and SCIC to support any unmet needs. The efforts of Bethany Village and The Woods are a primary reason the COVID-19 outbreak has not had a severe impact on Lower Allen Township EMS.

Captain Deaven continues to actively participate in EHSF, PA Bureau of EMS, Pennsylvania Emergency Health Services, Ambulance Association of Pennsylvania and Pennsylvania Fire and Emergency Services Institute virtual meetings and updates. The Ambulance Association of Pennsylvania, Pennsylvania Emergency Health Services and Pennsylvania Fire and Emergency Services Institute have been the lead on State EMS funding and COVID-19 legislation related to EMS. The Ambulance Association of Pennsylvania is gathering data on

EMS systems across the commonwealth related to the financial impact on EMS, Lower Allen Township EMS has been participating in all State and Federal data collection.

Dr. Modi continues to be actively involved in providing oversight and direction for all treatment updates, protocol changes, medication changes and reviewing the daily screening process and requirements.

COVID-19 and the methods being used to mitigate the threat have created a continued reduction in EMS responses across the commonwealth. Our data matches with the state and national data. Emergency rooms and hospitals are also experience a decline in patient census. This trend will change, and the models indicate a higher call volume until the commonly.

LATEMS has continued to deliver high quality, effective, efficient and safe patient care directly to their side in every location. In March, LATEMS touched the lives of **169** people.

Lower Allen Fire Company, Lisburn Community Fire Company, and Public Safety personnel attended the following training:

- Lower Allen Fire Company and Lisburn Fire Company have suspended all Company Level trainings until further notice and postponed all HACC Local Level Training that was scheduled due to the COVID-19 pandemic.
- The following Lower Allen Fire Company personnel conducted Driver/Operator Training on Engine 3-12: Brandon Hedstrom and Mike Wilson.
- The Following Public Safety Personnel conducted Driver/Operator Training:
 - PSFC Frank Wirth – Rescue 12 and Engine 24
 - PSO Tom Kidd – Truck 12, Engine 24, Tanker 24, and Mini-Pumper 24
 - PSO Kettering - Engine 24, Tanker 24, and Mini-Pumper 24

Events/Activities:

The Lower Allen Township Department of Public Safety continued the suspension of all car seat inspections/installs, smoke alarm installs, fire extinguisher training, and fire prevention presentations until further notice. For now, Public Safety Officers will be taking contact information and once the COVID-19 restrictions are lifted, we will work to schedule those activities requested.

The Lower Allen Township Department of Public Safety is continuing 24/7 PSO Coverage to ensure consistent Fire Apparatus Driver/Operator coverage during the COVID-19 pandemic.

The business meetings of Lower Allen Fire Company No. 1 and Lisburn Community Fire Company were cancelled for the month of April due to the COVID-19 pandemic.

Lisburn Fire Chief Frank Williamson and Fire Captain Frank Wirth completed submission of information for Lisburn Fire Company to CapCOG for the 2019 SAFER Grant for recruitment and retention of volunteer firefighters. Lower Allen Fire Company Assistant Fire Chief Steve Overmiller completed submission of Lower Allen Fire Company's information for the SAFER Grant.

The focus of the Lower Allen Township Department of Public Safety was getting as much driver/operator training accomplished with the time available. Also, Fire Inspector Bill Yeagley started work on updating the list of businesses in the township, developing a hazard/risk assessment of businesses, and incorporating this information into the fire inspection program.

On 4/6/2020 Fire Captain Frank Wirth attended a meeting with the South-Central Task, Keystone Hospital Coalition, and several area hospitals to discuss the possibility of standing up Alternate Care Facilities in the region. This resulted in a focus on expanding existing hospital capacity and very preliminary planning of alternate care facilities.

On 4/8/2020 and 4/9/2020 Public Safety Director Dave Holl, Lower Allen Fire Chief Dave Murdoch, and Fire Captain Frank Wirth conducted virtual interviews with eleven prospective Part-Time Public Safety Officer candidates. The outcome was the recommendation of six candidates moving forward to background checks and proceeding in the hiring process.

On 4/10/2020 and 4/23/2020 meetings were conducted on the Alpine RedNMX Software Implementation Project for Lower Allen Fire Company, Lisburn Fire Company, Lower Allen Public Safety, and Lower Allen Fire Codes with the following in attendance: Public Safety

Director Dave Holl, LAFC Fire Chief Dave Murdoch, LCFC Fire Chief Frank Williamson, LAFC Assistant Chief Chris Trace, Fire Captain Frank Wirth, Fire Inspector Bill Yeagley, and PSO Bryce Landis. At this time many of the items have been addressed and it has been decided that the meeting schedule will be changed from weekly to biweekly meetings on Friday mornings.

On 4/22/2020 Lower Allen Fire Company and Lisburn Community Fire Company participated in a salute to health care workers at Geisinger Holy Spirit Hospital.
