The Department of Public Safety continues to move forward in our mission to provide for the safest community possible through service to our residents and visitors.

2019 was an exception year that brought with it many trials, tribulations, rewards, and successes. There were several critical incidents that were professionally resolved as a result of our dedication and training across all the public safety disciplines. The work that went into the Public Safety Ad Hoc Committee was one of those tremendous accomplishments.

As we move into 2020, the work of the staff and Committee members has laid a solid foundation for the ongoing success of the Department of Public Safety and the volunteer fire departments. We hope to build on that foundation as we continue to serve the residents and visitors to Lower Allen Township.

During the month of December, I've listed the highlights of my activities as the Director of Public Safety.

Monday, December 2nd – Attended the Lower Allen Civil Service Commission and presented documents for consideration of the Commission to be approved and submitted to the Board of Commissioners. In the evening attended the Board of Commissioners Budget meeting.

Tuesday, December 3rd – In the morning attend a meeting to discuss grant options and necessary considerations for the Community Paramedicine grant. The plan is to hopefully submit this Federal grant request to fund the start-up of the equipment necessary to begin this supplemental EMS program to serve the residents of Lower Allen Township.

Late morning conducted a Public Safety Captains lunch and learn training meeting.

Wednesday, December 4th – Completed various administrative duties through the day including attending the Community Development Staff Meeting in the afternoon.

In the evening attended the New Cumberland Borough Council meeting where officers from Lower Allen Police Department were among those officers that responded to the shooting incident in New Cumberland where officer were under gun fire as a part of a domestic violence incident.

Thursday, December 5th – Attended the Pennsylvania Emergency Management Agency 911 Advisory Board meeting. I serve on that Board as the representative from the PA Chiefs of Police Association.

In the afternoon attended the Boisey Preliminary Hearing at DJ Clement's Office. Boisey is the defendant in the New Cumberland Shooting incident. He was bound over to County Court on all charges, including multiple counts of Criminal Attempt Homicide for firing at the victim, as well as Lower Allen and New Cumberland Police Officers.

Friday, December 6th – Out of the Office

Monday, December 9th – Met with the Manager in the morning, then in the afternoon attended the police supervisor's meeting

In the evening attended the Board of Commissioner's meeting where awards were given to the police officers involved in the New Cumberland shooting incident.

Tuesday, December 10th – Attended the department head meeting in the morning and followed up on various administrative matters through the remainder of the day.

Wednesday, December 11th – Attended the South-Central Task Force Integrated Response Working Group meeting at Dauphin County 911 Center in the morning, then attended the LA Fir Company meeting in the evening.

Thursday, December 12th – Met with Justin Strawser to review the Capital City Mall Exercise documents. Also reviewed the Emergency Operations Plan draft plan.

Friday, December 13th – Attended the South-Central Task Force Executive Committee at Dauphin County 911.

Monday, December 16th – Met with Captain Deaven to discuss EMS matters in the morning and then participated in the HACC Police Academy candidate interviews in the afternoon.

Tuesday, December 17th – Attended the Incident management Team Quarterly meeting in the morning and then the West Shore School District Northern Principal's meeting at Cedar Cliff High School during the lunch hour. In the evening attended the part time Police Academy graduation at the Rose Lehrman Art Center at HACC where Zach Walters was graduating.

Wednesday, December 18th – Met with Theresa Sellars, Captain Deaven, and President Black to discuss participating with UMPC Pinnacle and their Community Paramedicine program. All were very interested and further discussions will continue.

Attended the Lower Allen Holiday Party during lunch.

Thursday, December 19th – In the morning assisted with the police academy interviews at HACC.

Friday, December 20th – Met with Scott Ryno to discuss options and scope for the fire/EMS facilities study budgeted for the first half of 2020. This was one of the recommendations of Ad Hoc Committee. Scot is currently conducting a study of the Franklin County Fire Services and had extensive experience in the volunteer and career fire are.

Monday, December 23rd – Met with the manager in the morning, then completed various administrative follow-ups throughout the day.

In the evening attended the Board of Commissioner's meeting.

Tuesday, December 24th – Out of the Office

Wednesday, December 25th – Christmas Holiday

Thursday, December 26th - Out of the Office

Friday, December 27th – Out of the Office

Monday, December 30th – Out of the Office

Tuesday, December 31st – Out of the Office

Respectfully Submitted

DEPARTMENT HEAD:

During the month of December, Captain Crone attended BOC regular and budget meetings, and Department Head meetings. A Civil Service meeting was attended where amendments to regulation and action to submit a list of eligible police officer candidates was taken. A Public Safety Captains' meeting was attended. Captain Crone presided over his final Pa Police Accreditation Coalition meeting as President, stepping away to allow the next generation of leadership to drive the organization after more than a decade on the executive board.

December was a good month for "feel good" activities, rewarding to both officers and participants alike. First, we were able to present that No-Shave November check to a very appreciative Pink Hands of Hope charity. Several staff participated in handing out coats to kids at Hillside elementary school. Several officers also participated in Shop with a Cop, facilitated by Walmart, providing a positive holiday shopping experience to several kids in need.

Captain Crone was on leave for the later part of December, leaving the agency in the able hands of Lt. Thomas and Sgt. Foltz, both of whom performed admirably, as always.

Patrol Officer of the Month was Officer Alex Milletics. Per the nomination submitted by his supervisor: "During the month of December, Ofc Milletics made four self-initiated drug arrests, conducted two felony vehicle stops, recovered a stolen vehicle which also involved an active PFA violation, located four suspended vehicles, assisted agencies on 11 different incidents, and single-handedly located and apprehended an armed robbery suspect. The suspect had fled on foot during a traffic stop and was later found with a firearm hiding in a dumpster. Ofc Milletics is a leader not only in his squad but in the entire department in consistently displaying a high level of work ethic, job skill, and confidence in engaging criminal activity."

NALOXONE

There was one Naloxone administrations by police personnel in Lower Allen Township this month.

UCR Crime Statistics

The UCR system continues to be in service for UPLOAD only at this point. We are unable to extract the data needed for the monthly reports. 2020 is the transition to a new system and legacy reporting will be unavailable. Captain Crone did have communication with the UCR desk and may be able to get year-end stats for the next report.

MONTHLY INCIDENT COUNT BY TYPE and SELECTED OFFICER LOG FIGURES

The most recent month figures are presented first, followed by last year's figures. The Selected Officer Log Figures chart that follows the Incident Count pages are items that consume patrol resources but are not documented in incident reports.

The holidays are always a stressful time of year. Staff did a great job of meeting the communities needs and working hard to move the organization forward in a positive direction. The staff continues to adapt to change quickly and provide feedback to ensure positive outcomes. The staff's effort and hard work are greatly appreciated.

Teamwork, and the integration of EMS continues to strengthen improving the overall performance of EMS.

In December we worked on developing the changes made in ESO with the CAD import feature as well as continued development of the peer review quality assurance for the purposes of documentation. Staff access was expanded providing greater transparency and ability to learn from other staff members. The staff's understanding of the common errors has increased reducing the number of errors.

The Patient Refusal Focused Performance Improvement program continued to develop in December. The program involves the review of all patients who refused care. All patient refusals are reviewed by a senior paramedic. Attempts are made to contact the patient and speak with them to ensure they were satisfied with the service they received and have no additional medical concerns. This program also includes public service request such as lift assists. Updates were made to processes to ensure accuracy.

The expansion of existing technology capabilities in the PlanIT scheduling software continued to improve with new features being added to the system. EMS is continuing to enhance the use of existing technological resources, such as PowerDMS and Guardian. Use of the existing technological resources improves efficiency and effectiveness in administration and operations. The importance of technology in EMS cannot be overstated.

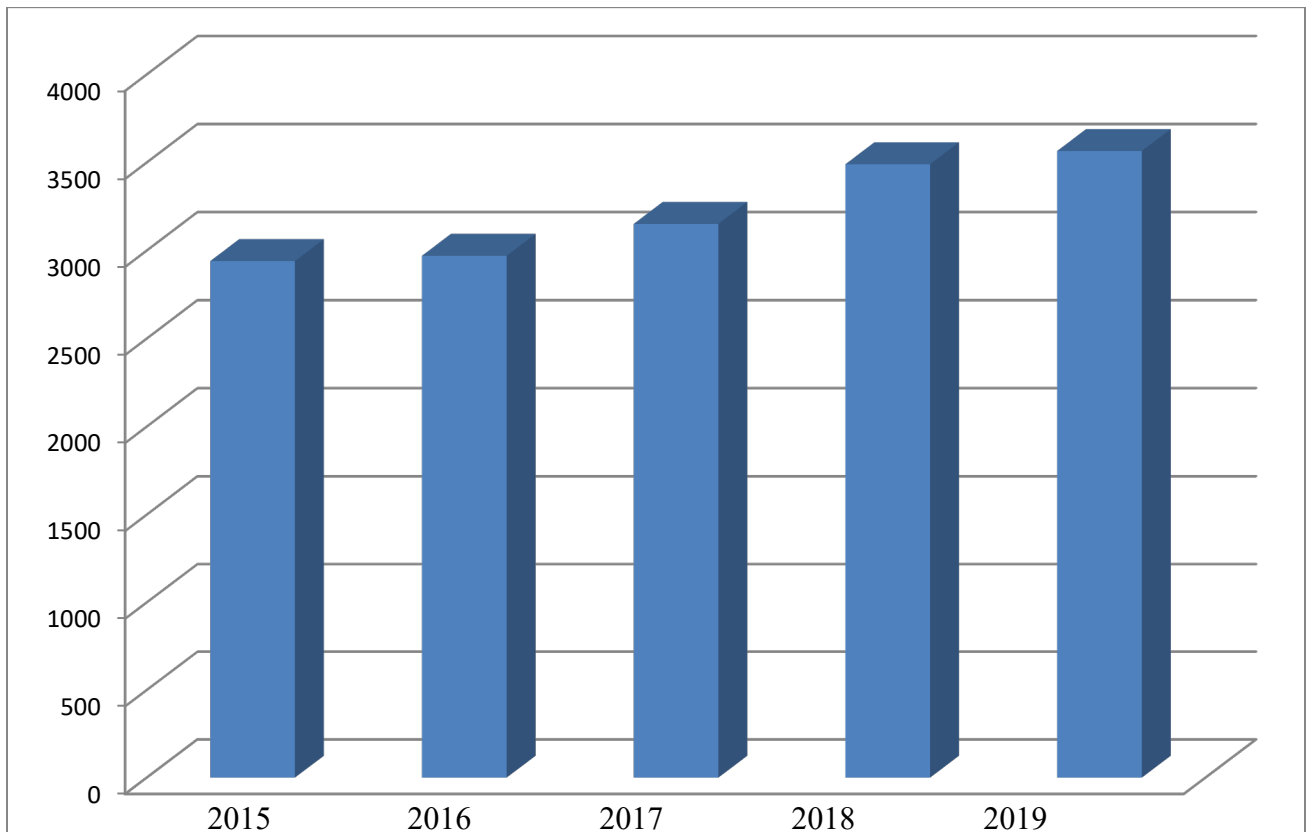

The schedule continues to be successfully managed in a positive direction. The staff has done an excellent job in covering the openings. The staff's hard work and dedication are commendable and greatly appreciated.

LATEMS was approved as a member of the Pennsylvania Emergency Health Services Council (PEHSC) which serves as a statewide advisory board. Captain Deaven will be the PEHSC representative and will be working with the PEHSC staff and other council members across the state on EMS education, the Vision 2050 project, Community Paramedicine and REPLICA. Captain Deaven was elected to the Board of Directors of the Pennsylvania Fire and Emergency Services Institute (PFESI) as an EMS representative. PEHSC and PFESI are state advisory boards providing information to decisions makers and helping to shape policy.

The staff, Captain Deaven, and Director Holl continue to work on new ideas and concepts to deliver the highest possible quality of care and continuous improvement for EMS operations.

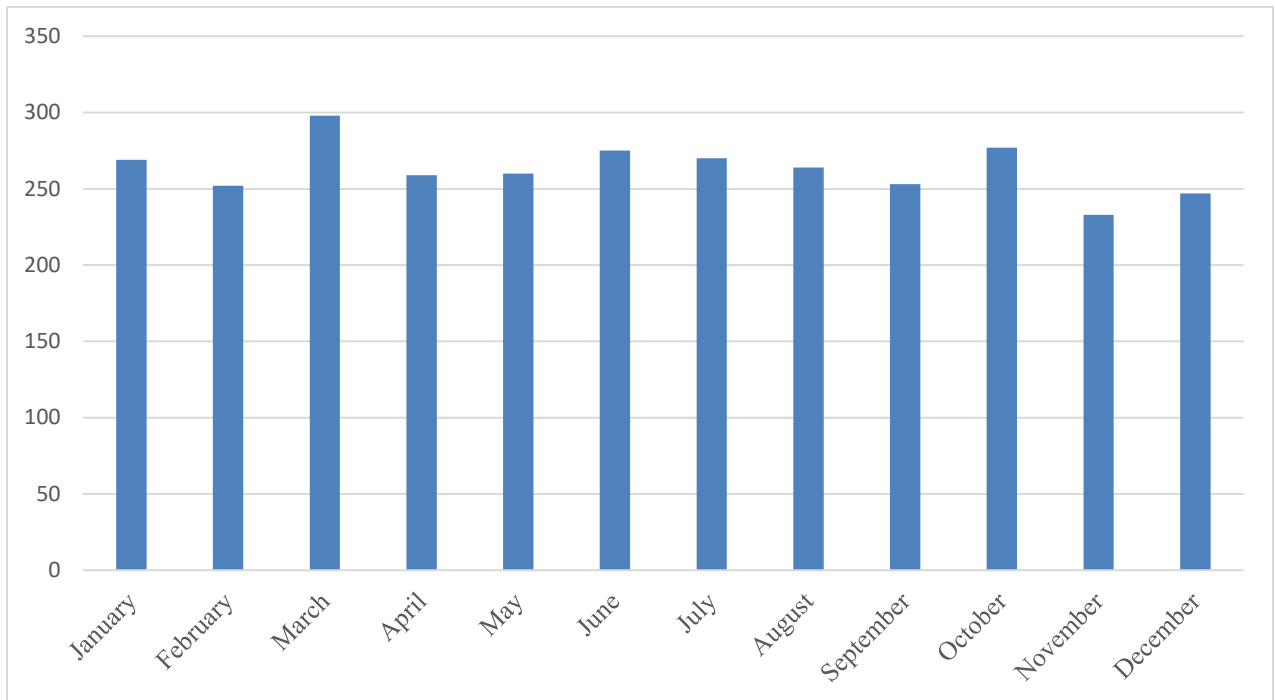

Demands for EMS continue to grow with the growth of the Township, aging society and the challenges of health care. EMS has been and continues to be the community's medical safety net. People request EMS for a variety of reasons but in most cases, it is during a highly stressful and often uncomfortable and painful time in their life. LATEMS delivers high quality effective and efficient care directly to their side in every location. In December, LATEMS touched the lives of **247** people.

Lower Allen Township EMS

To whom it may concern;

On behalf of Geisinger Holy Spirit Trauma Services, I would like to thank you for your participation and collaboration in the care of trauma patients. The trauma team is working to provide EMS with personal follow up for each trauma activation brought to our facility. The chart has been reviewed for a trauma activation patient recently transported to Geisinger Holy Spirit by your company. This information is to be used for education and quality assurance purposes.

The patient [REDACTED] arrived at our facility on 08/08/19 at approximately [REDACTED] with the chief complaint of 'Car driver injured in collision with other type car in traffic accident, initial encounter'. The patient was a Second Level trauma activation. Through trauma evaluation and assessment, the patient was found to have the following injuries:

R Grade 1 open distal shaft tibia fracture, displaced
Open R distal fibula fracture, displaced
R calcaneus fracture

The trauma attending was Dangleben, Dale A., MD, FACS and the patient's final disposition was discharge to Home.

As a Level II Trauma Center, we review all trauma patient charts as part of the Trauma Performance Improvement and Patient Safety Program. We use trending data to help drive best care practices and outcomes. The pre-hospital chart is an integral piece of patient information and is kept on file with the rest of the patient's chart for review by the Pennsylvania Trauma Systems Foundation at survey. Please note follow-up communication is meant for education and performance improvement, not to be punitive. Your pre-hospital chart was reviewed by our registrars and PI staff and the following performance improvement opportunities were identified:

Field scene time > 20 minutes

Along with continuous quality trauma care, Geisinger Holy Spirit Trauma Services also offers trauma education and outreach including a weekly lecture series and case study reviews of your trauma patients upon request. Should you feel a need or desire for such services, please do not hesitate to reach out to us.

Again, on behalf of Geisinger Holy Spirit Trauma Services, thank you for entrusting the care of this patient to us and for utilizing our trauma services. We look forward to working with you again in the future. Should you have

To Whom It May Concern:

As a non-subscriber and a recipient of your services in May of 2018, I would like to make a long overdue contribution. My husband, Vance, was assisted by "angels" of your organization. He would not have survived had it not been for their training. He had a very bad bleeding ulcer and needed nine units of blood. Unfortunately, after a few months and surgery, he was diagnosed with pancreatic cancer and passed away in October 2018. I thank your EMT's for extending his life.

Patricia Nailor

Just wanted to write a
note to thank Mike &
Molly for responding to
an emergency call at my
house in mid-November.
In addition, I would like
to thank LA Township EMS
department for the great
work your team does in
assisting myself and

my neighbors
with their
medical
care needs

Although things turned out
well for me this time,
I appreciate Mike's
ability to relate to my
situation, having been a former
heart attack victim himself.
It made a tough
experience, so much more
manageable.

Best wishes for the
New Year!

Subject: Code STEMI

Hello Everyone,

Here is feedback on a patient who was initiated as a Code STEMI on 11/27/19 @ 08:55. Patient is a 66 y.o. white female who developed dyspnea the morning of admission. PMH: HLD, HTN, prior valve replacement and former tobacco abuse. Patient had a new LBBB on EKG which prompted Code STEMI. Patient was in pulmonary edema/CHF with respiratory failure prior to being taken to the cath lab. She had normal coronaries with an EF of 20%. Patient is being evaluated for any further valve issues and cardiomyopathy.

Subject: Good Job!

While at the mall doing blood pressure checks this morning, one of the customers came up to me to thank us for doing our checks. They stated that the one day there was two females doing checks (this was sometime within the past 4 weeks), "a short one and a tall one." One of the females noticed that her husband had an irregular heart rate and asked if they had A-fib. The husband said "no," but this was enough for him to check with his PCP about it. The man does not have A-fib, but after going to his PCP they found some occlusions in one of his his coronary arteries, and he had to go to the Cath-lab and get a stent. They said they may not have noticed it until it was too late, but thanks to "those two" her husband is healthy and still walking the mall with his wife.

They wanted me to extend their thanks.

Thank you,

Ian E. Chambers
