DEPARTMENT HEAD:

During the month of August, Captain Crone police supervisors' meeting, BOC Meetings, Public Safety Ad Hoc meetings (both the meeting itself and preparatory meetings), and Department Head meetings. Coffee with a Cop was held on 8/23. Budget preparation meetings commenced. A PA Turnpike closure briefing (for fall closure) was attended.

An integrated response exercise was held at Cedar Cliff High School that involved personnel from all public safety disciplines and potential mutual aid agencies around us in preparation for response to active threats. The training was well-received. Credit to Public Safety Planner, Justin Strawser for his hard work on this project, along with the many other hands that went into planning and execution.

National Night Out was held this month and was likely the best iteration of this event, so far. Big thank-yous to all of the staff, volunteers, and vendors who participated. Extra thanks to Dianna Knisley for her work in organizing the event.

Patrol Officer of the Month kudos to Thomas Gelnett. Ofc Gelnett continues to be proactive in the area of traffic enforcement. This month he issued 36 traffic citations and 13 warnings (most citations issued for the entire Department.) He accomplished this while also writing up 43 non-UCR calls for service and 8 UCR calls.

The highlight of the month was when Ofc Gelnett assisted in the apprehension of 4 vehicle entry suspects in the Brooks Edge Apartment Complex. It was Ofc Gelnett's quick thinking that made the outcome of this incident a win for LAPD. When the suspects fled, Ofc Gelnett opted to take an alternative route to cut them off, rather than chasing behind on foot. This, along with other officer's presence, lead to the suspects running right towards Ofc Gelnett. He gave verbal commands, and when ignored, Ofc Gelnett deployed and discharged his Taser, striking the first fleeing suspect, ending their flight. In seeing this, the other 3 suspects immediately surrendered and complied with officers. If it weren't for Ofc Gelnett's quick decision making and actions, this incident would not have ended the way it did. The suspects were in possession of 2 stolen vehicles, a stolen handgun, thousands of dollars in cash, and other miscellaneous stolen property.

NALOXONE

For an unprecedented third month in a row, there were no Narcan administrations by officers.

UCR Crime Statistics

The first graphic shows the crimes reported by type for the month and year-to-date, along with last year's numbers. The second graphic is for arrests. This shows how many arrests and the crimes involved. As a reminder, UCR statistics only show the most serious crime in a given incident. Analysis continues to show a trend of significant increase in Part I incidents. There is a reduction in part II offenses, in part due to the fact that the more serious part I incidents include incidents where part II crimes were also charged.

The primary focus in August was developing strong basic administrative and operational systems. The ALS set-up completed in July was evaluated and adjusted based on data and provider feedback. A comprehensive evaluation of BLS systems was initiated and work is on-going to build on the existing efficiencies.

Staff participated in the “Kindred Colt” exercise. The exercise provided an excellent opportunity for personnel with the active shooter training to practice their skill as well as hands on exposure for personnel who had not previously completed the active shooter training.

The Pennsylvania Department of Health began the implementation of new statewide protocols for ALS and BLS providers. Staff completed training for the implementation of new protocols on September 1, 2019.

Staff completed a SWOT Analysis to assist in the development of short term and long-term goals as well as the overall strategic vision. A mission statement, vision statement and values were selected by staff.

Implementation of the PlanIT scheduling system continued with the addition of testing the submission of overtime time tracking, vacation tracking and clocking in and out for all shifts. Tracking of all issued quartermaster items has been implemented and certification tracking in the PlanIT software is in progress.

The ESO software is being used to collect data and provide the ability to determine benchmarks for “Chute Times” (The time from the office to the rig), “Response Times” (Dispatch to on-scene), “Turnaround Times” (Time from arrival at the hospital to available). Additional clinical benchmarks (I.E. Aspirin administration) will be added in the future.

A high level of scheduling challenges continued in August. The staff has done an excellent job in covering the openings as possible. The staff’s hard work and dedication are commendable and greatly appreciated. Captain Wirth and the PSO’s have continued to be impacted because of the LATEMS scheduling challenges providing 46 hours of unplanned EMS coverage. There is considerable future work to be done in this area as we move into the future.

Recruitment and interviews continued in August for Part-time Paramedics and EMT’s with several highly qualified candidates in the process.

On August 19, 2019 Director Holl, Fleet Manager Reynold’s and Captain Deaven traveled to the Pittsburgh area to complete the final inspection on the New Ambulance scheduled for delivery in early September. The final inspection went very well.

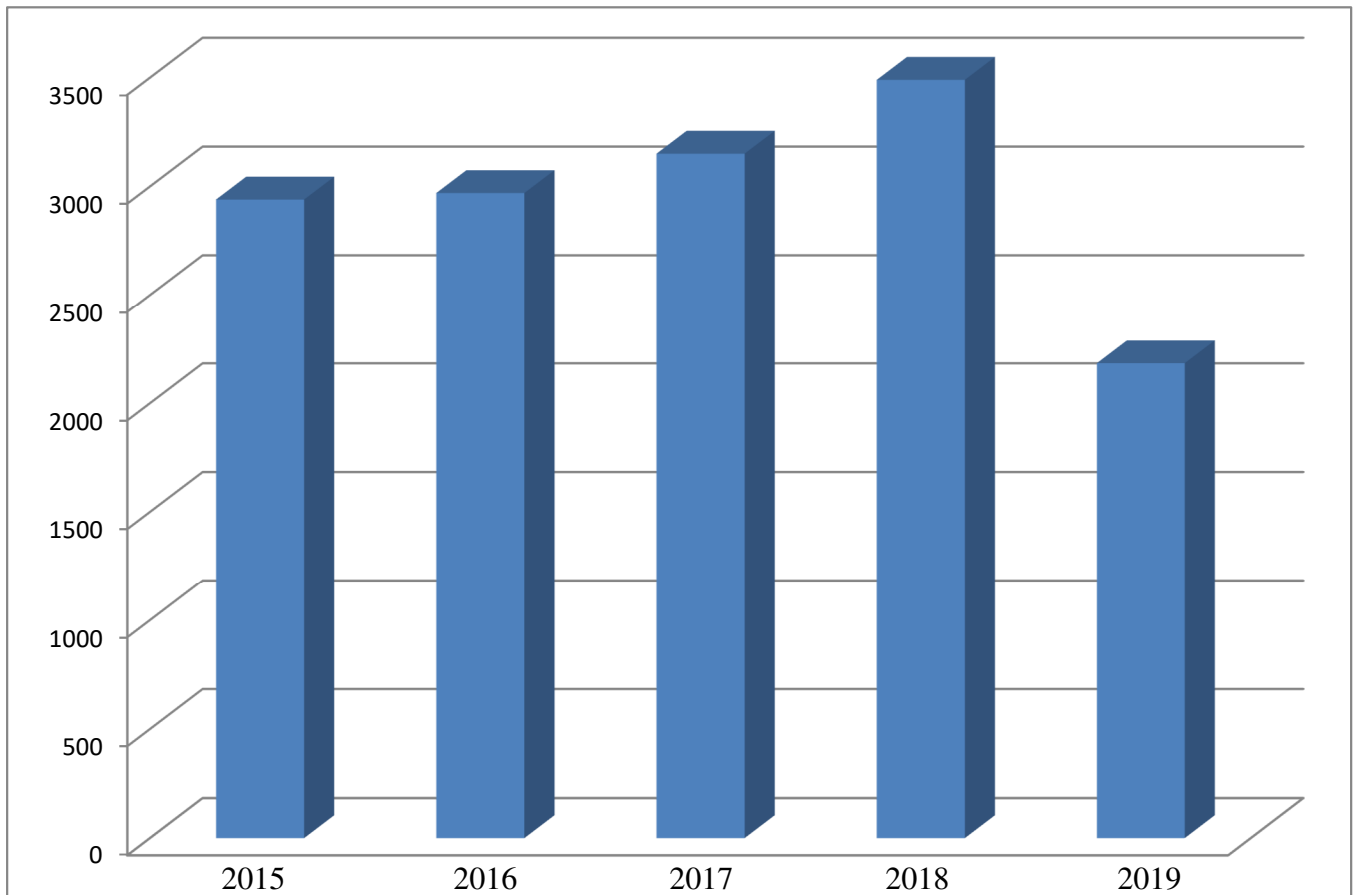

The number of requests for service outside of Lower Allen Township continues to be monitored and is an on-going focus. Data is being gathered to identify causes and determine strategies to reduce the impact on the citizens of Lower Allen Township.

The staff continues to work hard and is dedicated to moving forward in a positive manner to ensure all aspects of Emergency Medical Services are delivered efficiently and effectively with the highest quality of care possible.

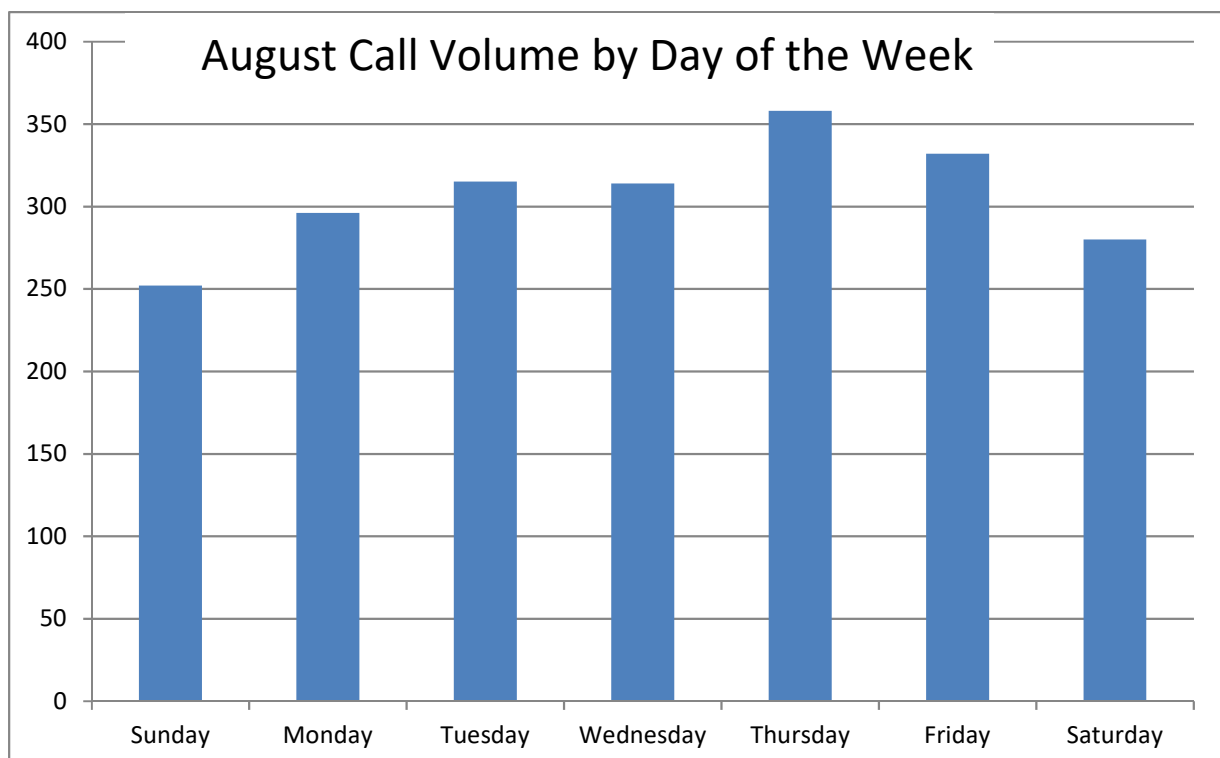

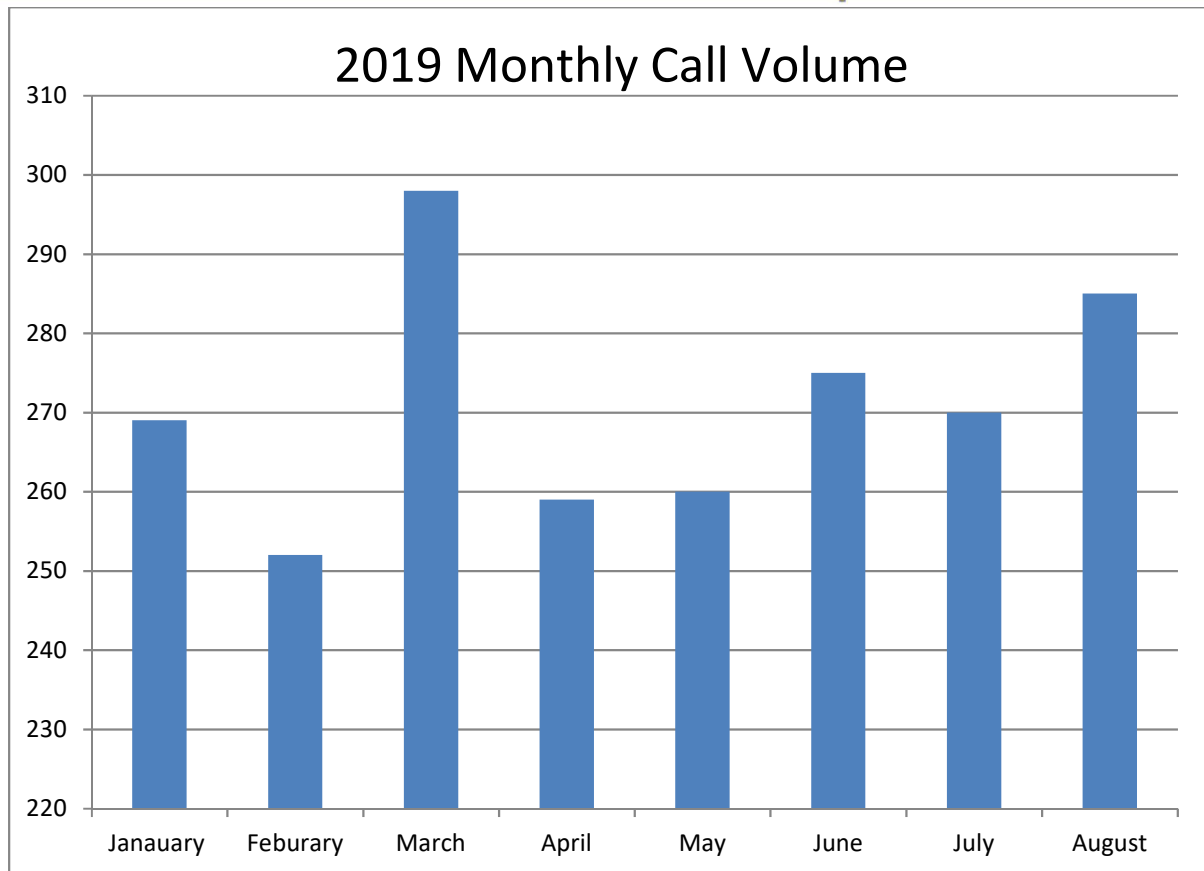

All of the Staff, Captain Deaven and Director Holl continue to work on new ideas and concepts to deliver the highest possible quality of care and continuous improvement for EMS operations.

Demands for EMS continue to grow with the growth of the Township, aging society and the challenges of health care.
