Official Zoning Map of Lower Allen Township Cumberland County, PA 06-24-2013

Zoning Ordinance Revisions: In January 2025 the Township embarked on a journey to revise the current Zoning Ordinance, which had not been fully updated since 2009. We were successful in securing State and County grant funding to offset over 60% of the project. The update will provide a more user-friendly tabular format that clearly identifies permitted uses within each zoning district. Although there are no new zoning districts anticipated, minor zoning map changes may be proposed. A steering committee comprised of elected and appointed officials, residents, and stakeholders will be formed to provide strategic guidance and direction for the project that is estimated to take 1-2 years to complete. Township staff will continue to provide status updates throughout the drafting process.

ENACTED ORDINANCES • EMPLOYEE SPOTLIGHT

OFFICIALS IN ACTION (CONTINUED)

ORDINANCES

2025-01 Amending the codified ordinances of 2023 as amended at Chapter 65 Animals and at Chapter 220-151 Non-Intensive Agricultural Uses, to provide for the keeping of domestic fowl as a permitted accessory use in the R-1 Zoning District with related regulations. (Enacted: 01/27/25)

2025-02 Updating Chapter 209 of the Township Code, Vehicles and Traffic, known as the Traffic Control Device Ordinance. (Enacted: 01/13/25)

Welcome New Staffers

The following people have joined the staff or changed roles here at Lower Allen Township:

Full-time

Sierah Emerson, CED Department, Administrative Specialist

Wyatt Pierce, EMS Department, Paramedic

Matthew Schmidt, EMS/Public Safety Department, EMS/PSO Hybrid

Leon Crone, Human Resources Department, Director

Barbara Arnold, Public Works Department, Environmental Programs Manager

Cody Johnston, Public Works Department, Maintenance Specialist

Part-time

Badden Metzler, EMS Department, EMT

Isaiah Smith, EMS Department, Paramedic

Zachary Sorenson, EMS Safety Department, Paramedic

Timothy Plank, Facilities Maintenance, Facilities Technician

Special Recognition for Employee Milestones and Commendations

Sydney Overmiller – EMS Department – EMT - 2,500 hours

Jason Lane – Police Department – Crossing Guard - 2,500 hours

Kenneth Stirling – Police Department – Corporal - 10 years

Ryan Turpin – Public Works Department – Maintenance Specialist - 10 years

Alycia Knoll – Finance Department – Performance Award: Exceeding Normal Duties

Recent Retirements (See Next Page)

Donna J. Paul – Human Resources Department – Human Resources Coordinator - 24 years

Leon G. Crone, Jr. – Police Department – Police Captain - 30 years

EMPLOYEE SPOTLIGHT: RETIREMENTS

Changing of the Guard: The Township has seen a number of recent personnel changes, many due to retirements, but the most unique happened within our Human Resources Department. Earlier this year, Donna Paul, the HR Department Head retired after 24 years which created an opening for a new Human Resources Director. At the February 10th Board of Commissioners meeting, Captain Leon Crone was both honored for 30 of service with the Police Department and appointed to the position of Human Resources Director. Leon had literally one weekend of retirement before he started here in his new position. We wish Donna happiness in retirement and look forward to continuing to work with Leon in his new role!

Above: Donna Paul, Human Resources Coordinator received a plaque for 24 years of service at her retirement celebration on February 28, 2025.

Above : Both PA Representatives Thomas Kutz, 87th District and Sheryl Delozier, 88th District (left) honored Captain Leon Crone (center) with a House Citation at his retirement celebration on March 7, 2025. Leon was also honored with a citation from state Senator Dawn Keefer, 31st District. Right: An impressive display of badges and ribbons worn by Captain Crone during his 30 year career with the Police Department.

2025 CONSTRUCTION PROJECTS

The following list summarized the Township's plan for 2025 for public works projects. Some of the projects will be completed by Township staff, while other projects will require contractors to perform the work.

Road and Stormwater Projects:

Highland Park and Highland Village Paving Project: Complete mill and overlay of streets in the Highland Park Neighborhood. Prior to paving, PA American Water will be replacing the water mains in Highland Park.

Rossmoyne Manor and Appleton Street Stormwater and Handicap Ramp Replacement Projects: Handicap ramp construction and replacement and stormwater infrastructure replacement throughout the development.

Detention Basin Retrofit Projects: One detention basin will be retrofitted to be a bioretention facility in conjunction with the Township's Pollution Reduction Plan for the Chesapeake Bay. The only location for 2025 is located at High Associates – 5000 Ritter Road.

Stormwater Television Work: The Township will have stormwater lines and associated infrastructure televised to determine repair and/or replacement in various locations throughout the Township.

Traffic Projects:

Carlisle and Center Road Signal: Replacement of traffic signal, poles, and associated pavement markings and crosswalks at Carlisle and Center Road.

18th Steet and Hummel Avenue Pedestrian Improvements: Installation of handicap ramps and piano key crosswalk markings.

Wesley Drive and Royal Drive Pedestrian Improvements: Installation of Rectangular Rapid Flashing Beacons (RRFBs) at the crosswalks on Wesley that lead to the entrance to the park to improve safety. This project is partially funded by grants through the Land Partnership Fund.

Park Projects:

Lower Allen Community Park (LACP): The following projects are planned at LACP:

- Installation of a kayak rack, completed by a student for an Eagle Scout project.
- Clearing the area around the pond.
- Installation of security cameras throughout the park.
- Construct new storage sheds for the ball fields.

2025 PROJECTS (CONT.) • CURBSIDE YARD WASTE COLLECTION

Park Projects (Continued):

Highland Park: The following projects are planned at Highland Park:

- Reconstructing tennis courts to meet regulation size and provide ADA accessibility.
- Installation of security cameras in the park.

Beacon Hill Radar Site: The following projects are planned at Beacon Hill Radar Site:

- Walking trails and a pavilion with a defined parking area will be constructed with grant funds from the Department of Conservation and Natural Resources. This is a phased project, and additional phases include exercise stations and installation of a small play structure. Currently, site investigative work is being completed with the intent to have the project out to bid for construction in the late summer of 2025.

Creekwood Park: The following projects are planned at Creekwood Park:

- A new boat launch and parking area will be constructed with grant funds awarded to the Township. This will provide improved access to the Yellow Breeches Creek as well as better parking and traffic flow for the boat launch.

CURBSIDE YARD WASTE COLLECTION

Yard Waste Collection began in March and will proceed through the last week in October. Residents may bring their yard waste directly to the Public Works Facility located at 1400 St. Johns Road, Monday through Friday from 8AM. to 2:30PM. All residents must stop in at the Public Works Office to sign in before heading to drop brush. The Public Works Facility will be open from 8AM to 1PM on the second Saturday of the month starting in March of 2025. **Lower Allen Township households are limited to four (4) loads/trips of yard waste per calendar year. For each yard waste drop exceeding the yearly four (4) loads limit, a \$25.00 fee will be assessed per drop.**

Landscape Contractors working at residential properties in the Township may haul yard waste generated at those residential properties to the Public Works Facility when accompanied by the resident or with prior approval. This will be included in the four (4) loads/trips permitted for the year.

Yard Waste consists of garden debris, leaves, sticks, branches, and stumps (no larger than 14 inches in diameter). Grass clippings, bamboo and sod are NOT considered yard waste and should be bagged and put out with regular garbage or composted on the property.

Yellow Yard Waste Containers should be used for smaller manageable amounts of debris. No trash bags or garbage should be mixed in with the yard waste. Branches must be bundled with twine or string and not exceed six feet in length or four inches in diameter. The maximum weight is 30lbs. Yellow yard waste bins can be picked up at the Public Works Facility, Monday through Friday from 8AM. to 2:30PM. Unlimited amounts of yard debris may be placed curbside using the previously stated guidelines.

Lower Allen Township's

Guide to MS4

Municipal Separate Storm Sewer System

April 2025 Edition

Photo credits: R. Buckman, YBWA and T. Trone.

April brings warmer weather and more residents outside, cleaning up yards, parks, and streamsides from the winter weather debris. Litter from roadways and lawns is collected by storm run-off and can accumulate in the local waterways. If you are looking for a way to give back, consider participating in a local clean up event. There are 20 clean up events registered in the month of April in the area. To find a clean up event near your, visit www.cleanup.keppabeautiful.org. Lower Allen Township hosts and supports multiple clean up events each year.

RECYCLING NEWS

2025 vol. 4

Lower Allen Township

What is illegal dumping?

Illegal dumping is the act of disposing waste in an unauthorized area or manner. The above picture is a cardboard collection site. Both dumpsters had space available yet boxes were left, littering the ground. This may not seem like illegal dumping because it is not roadside or on abandoned property, but it is. Cardboard is a recyclable item; when recycled and kept free from contamination, recycled cardboard results in grant money back to the municipality.

Lower Allen Township Recycles!

Cumberland County 2025 Household Hazardous Waste Disposal Program

Participants must sign up for an appointment in advance. Visit www.cumberlandcountypa.gov/3499 or call 717.240.6489 to make an appointment.

- NO - Tires
- NO - Used Absorbent Material
- NO - Cold Patch
- NO - Household Trash
- NO - Ammunition

Frequently Asked Questions

What are your fees and forms of payment?

Cash and credit/debit cards are accepted. Sorry, no checks. The cash fee for HHW disposal is \$0.75/pound. There is an additional 2.3% convenience fee for card users with a minimum convenience fee charge of \$1.00.

How will my total HHW disposal bill be determined?

All acceptable material will be loaded into a grocery cart(s), which will be wheeled onto a certified floor scale and weighed. The scale is preset to subtract the cart weight. The total weight of your HHW will be multiplied by 0.75 to determine your cash price. If using a card, the cash price will be multiplied by 0.023 to determine the additional card convenience fee. There is a minimum convenience fee of \$1.00 per transaction.

Will you offer refunds if I change my mind afterwards?

All sales are final. No refunds will be offered after payment is made.

Why are you charging a fee to dispose of HHW when I already pay taxes?

Fees are required to help pay for the costs of this program. Cumberland County has never used general fund tax dollars for its Recycling & Waste program expenses. Only those who choose to use the program will be required to pay for it through the fees that are charged. State funding allows the program to be offered at a price of \$0.75 per pound. The actual cost to properly manage the material is approximately \$1.50 per pound.

Can I get my gas can back?

Yes, but you will have to wait until the container can be emptied.

Who is eligible to use the HHW program?

Cumberland County residents and small businesses (limited to 2,200 pounds and less).

What happens to my HHW after I drop it off?

A licensed hazardous waste company will be on site to receive, sort, package, load, and transport all collected HHW off site to an approved disposal facility. Treatment methods include fuels blending, recycling, incineration, neutralization, and reuse.

What are some typical material weights?

- 1 gallon of paint weighs approximately 12 pounds
- 1 gallon of gasoline weighs approximately 6 pounds
- 5 gallon pail of driveway sealer weighs approximately 60 pounds
- 1 full 20 pound propane tank weighs approximately 37 pounds

TAX COLLECTOR • PAID ADVERTISEMENT

Municipal Tax Bills: It's time to spring into action! The 2025 Lower Allen Township and Cumberland County Real Estate Taxes were mailed and should have been received by March 1, 2025. If you have not received your tax bill, please contact Bonnie at bmiller@latwp.org or call (717) 763-7960.

Due to constant reselling of mortgages and frequent homeowners refinancing, we mail all real estate taxes to the property owner. If your taxes are in an escrow account, we ask that you write your loan number on the tax bill and promptly forward one copy to your bank or mortgage company so they can pay your real estate taxes during the discount period. Please keep a copy for your records.

Spring Bargains for Seniors: Property Tax Rebate (PA-1000) Rebates are offered to Pennsylvanians 65 years of age and older who are homeowners with a total income from all sources less than \$46,520.00 (including ½ of your social security). If you are a senior 65 and older and are renting, your total income must be less than \$15,000 from all sources (including ½ of your social security). Funds for the tax rebates come from the Pennsylvania State Lottery. Forms are available online, from your tax preparer, or from your State Representatives. The income level has increased to \$46,520 and the maximum rebate has increased to \$1,000.00.

Tax Office Hours: The Tax Office remains closed due to my personal health. I can be reached via email at bmiller@latwp.org or by phone at (717) 763-7960. Please mail your payment or drop your payment in either the new white drop-off box located next to the flagpole or the black pedestal mailbox outside my office door. If you would like a paid receipt for your taxes, please include both copies of your tax bills and a self-addressed stamped envelope, so I can mail your receipt back to you.

Stay Well and Stay Safe!

Heart disease. Yes, you can see it coming.

Heart disease is the nation's No. 1 cause of death, but it's preventable.

Find out if your heart is as healthy as it can be.

Take our quick, easy heart health assessment:

Remember to practice simple, heart-healthy habits, like avoiding tobacco, staying active, eating the right foods and maintaining a healthy body weight.

Take charge of your heart health – and learn how to keep it healthy with help from the experts at Penn State Health.
