

Lower Allen Township's

# Guide to MS4

Municipal Separate Storm Sewer System

August 2025 Edition

Impaired Waterways and Watershed Areas for Lower Allen Township, Cumberland County, PA, 2012

Lower Allen Township has three watersheds within its boundaries. All precipitation that falls in Lower Allen Township will eventually enter our waterways. Keeping our waterways clean of trash and contaminants is important for recreation and the health of the ecosystems. Report any waterway changes you see to the Lower Allen Township Stormwater Department. These could include color, odor, sediment, or any other change in the waterway.
