

RECYCLING NEWS

2025 vol. 6

Lower Allen Township

Items to Never Toss in a Trash Can or Recycling Bin

Batteries

Chemicals/Pesticides

Paint

Plastic Grocery Bags

Medications

These items found in our homes can be difficult to dispose of and can accumulate quickly. For those materials that are difficult to dispose of, contact your county for Household Hazardous Waste disposal events. These events are regulated by the Department of Environmental Protection to ensure safe disposal. Plastic grocery bags should be returned through drop locations. Drop locations for plastic bags can be found at entrances to local grocery stores. Medications can be disposed of at the Municipal Services Building at Lower Allen Township.
